The Blue Planet Project: Revisited MKRATIA AITARKM, 2017-08-10 An attempt to uncover the Alien Conspiracy Truth This could very well be the Holy Grail of all information dealing with the extraterrestrial Alien subject Embrace yourselves

Secret UFO Files Rafal Col, 2013-11-28 Look up at the sky the universe is so big it is really hard not to think that there is no other intelligent life out there Are we alone An old question that I think we all know the answer to already But what do we know What does the government know and how much do they know Classified information revealed statements made by people who are risking their own safety for people to know How do they look Are they already here The statements in this book are all real and are facts Do you know everything

From Adam to Omega A.R. Roberts, 2020-09-24 Due to government secrecy the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes They never heard about UFO encounters reported by police officers civilian and military pilots and astronauts and they were never told the real facts of the Roswell event The volume of evidence suggesting we are not alone and probably never have been is overwhelming It suggests an alien agenda to accelerate the evolution of the human race To understand what is happening requires knowledge of what is going on today as well as the past particularly during the biblical era Much has been learned through the Freedom of Information Act from whistleblowers and government and military officials This book connects the dots suggesting what aliens have been doing for the past several thousand years

Lewis, 2012-02-16 Bang up to date with fresh cover ups relating to Barack Obama Michael Jackson and Afghanistan The 100 military medical religious alien intelligence banking and historical cover ups they really don't want you to know about The Military Industrial Complex's fomentation of war with Iraq the construction of concentration camps in the United States by FEMA the Federal Emergency Management Agency the use of alien Foo Fighters by the Nazis and the Japanese during the Second World War the miracle natural drug suppressed by Big Pharma the Israelis responsibility for the bombing of USS Cole the real reason why CERN broke down the murder of Paul McCartney and you didn't even know he was dead Entertainingly written and closely documented The Mammoth Book of Conspiracies uncovers the 100 most secret cover ups in an accessible A-Z format It covers 95 new conspiracies even more fiendish than those detailed in The Mammoth Book of Cover Ups by the same author and provides fresh revelations regarding the five furthest reaching conspiracies in that book including the assassination of JFK and 9/11 The book includes a full bibliography and introduction

Life, One Big Existential Crisis Kerry Louise Stalker, 2021-01-25 Life One Big Existential Crisis takes the reader on an epic journey It starts by asking What's the point then ventures down the psychological philosophical spiritual cosmological and conspiratorial rabbit hole to answer this great ontological question In short the spirit world is real A spiritual battle is taking place and our souls are the prize for either the kingdom of darkness or kingdom of light There is a dastardly cabal orchestrating our reality using the Bible as its playbook We're living in the last

pages of the Bible and this great book will close with a bang The Beast one world system is on our doorstep This book is for those who want to know the Truth and break free from the matrix The focus is on authenticity and choosing your choice
