Baltz,2025-12-16 Leadership is a lost art Many companies provide what they call Leadership Training but taking a course or participating in a class doesn t make you a leader It doesn t make you a leader any more than taking a class or course at a medical school makes you a doctor or reading about being an airline pilot makes you a pilot And while most would accept that fact we still pretend as if it does We ve all seen the Vince Lombardi legendary football coach quote Leaders are not born they re made We ve decided it means we can make a leader out of anyone and we can do so whether or not they want to be one It just isn t so I can never become a world class Olympic sprinter No amount of training or practice or coaching will or could ever produce that outcome from me I m not too broken up about that but I certainly won t waste my time and effort trying to become something I am not nor ever could be It s not exactly the same with becoming a leader but it s also not as easy as most think it is We think Hey give me the title of a manager or VP or CEO and I automatically become a leader But that s not how it works And the people who work under you are the ones who will suffer This book won t make you something

you are not If it could I would charge a lot more for it But it can help you be the best you can be and can help true leaders spot other potential leaders by examining how they stack up against these attributes I start with the must haves and then discuss other more pragmatic aspects of being a manager or leader of people I talk to other leaders and get their insight as well And finally I challenge managers employees and senior leaders with some evergreen New Year s Resolutions Start the journey with an open mind and a willing heart to become a leader without losing your soul The Publishers Weekly ,2007
