Millennials, Goldfish & Other Training Misconceptions Clark N. Quinn, 2018-04-24 Can You Tell Learning Fact From Fiction Training should be tailored to individual learning styles We only use 10 percent of our brain Multitasking is as simple and efficient as flipping a switch Some myths and superstitions have their fervent believers But unlike everyday misconceptions such as Bats are blind or George Washington had wooden teeth these learning myths can cost you Fortunately trained skeptic Clark Quinn has once and for all laid them bare before the research and evidence Now myth busting has never been easier Millennials Goldfish Other Training Misconceptions debunks more than 30 common assumptions about good learning design to help you avoid wasting time resources and goodwill on unproven practices Drawing on cognitive psychology and brain science Clark arms you with the ammo to challenge the claims you re likely to hear from peers and co workers Be a smart consumer and stand behind the science of learning

The Millennials Thom S. Rainer, Jess W. Rainer, 2011 New social economic and spiritual findings on the Millennials born between 1980 and 2000 based on direct interviews with 1 200 members of the generation are reported from a Christian worldview perspective

The Politics of Millennials Stella M. Rouse, Ashley D Ross, 2018-08-09 Today the Millennial generation the cohort born from the early 1980s to the late 1990s is the largest generation in the United States It exceeds one quarter of the population and is the most diverse generation in U S history Millennials grew up experiencing September 11 the global proliferation of the Internet and of smart phones and the worst economic recession since the Great Depression of the 1930s Their young adulthood has been marked by rates of unemployment and underemployment surpassing those of their parents and grandparents making them the first generation in the modern era to have higher rates of poverty than their predecessors at the same age The Politics of Millennials explores the factors that shape the Millennial generation s unique political identity how this identity conditions political choices and how this cohort s diversity informs political attitudes and beliefs Few scholars have empirically identified and studied the political attitudes and policy preferences of Millennials despite the size and influence of this generation This book explores politics from a generational perspective first and then combines this with other group identities that include race and ethnicity to bring a new perspective to how we examine identity politics
