PERSONALITY DEVELOPMENT AND SOFT SKILLS, 2E BARUN MITRA, **Personality Development and Soft Skills**, 2016

Mastering the Art of Soft Skills for a Successful Career P. Arjunraj, **TEACHING AND LEARNING WITH EMERGING TECHNOLOGY: A Future Perspective** Dr. P. Muthukumar, Dr. A.R.S. Kannan, Dr. K. Malini, This edited book focuses on the possible education responses that can be implemented in future education times. The impact of technology on learning and teaching is often at the forefront of demands, particularly from those who dictate the funding available to pay for technology within education systems. This is not an unreasonable request and there is merit in impact evaluations of educational technologies including emerging technologies. Besides, it also shows how emerging technologies including Artificial Intelligence, Blockchain, Educational Games, and Virtual Reality, Augmented Reality will reshape the future of education to provide efficient learning, teaching experiences, and assessments. Furthermore, the book discusses innovative teaching and learning approaches, e.g. the use of open educational practices and peer-to-peer learning that can be applied in this rapidly moving technological era to maintain education including in unconditional times. Particularly, new instructional methods such as game-based learning should be designed based on integrated technologies to provide an effective learning experience resulting in better learning outcomes. Future education should not solely focus on technology and psychology but also on the applied instructional methods as well as the human touch to maintain authentic and effective learning experiences. The book also discusses how teaching and learning can be designed to meet the growing tendency of Open and Distance Education where thousands of learners can be taken the same course from different cultures, backgrounds, and learning needs. This book aims to establish itself through the published books, textbooks, and research as a medium to provide guidelines and recommendations for different stakeholders including policymakers, educational designers, teachers, and students on how to enhance both learning and teaching experiences in the future for better learning outcomes, as well as how to maintain education in emergency times. It also provides one step ahead towards future education to prepare different stakeholders for the rapid evolution of education even in times of emergency and difficult situations.

Socio-economic Profile of Rural India: North-East India (Assam, Manipur, Tripura, Nagaland) V. K. Agnihotri, Chandragupta Ashokvardhan, 2002

The Onus of Ancestry Arpita Mogford, 2015-01-28 It was believed that Dwita was born out of the confluence of three rivers of ancestry the Takshaka the king of snakes mentioned in the Indian epic Mahabharata from her maternal grandparents the Surya and the Chandra the sun and the moon dynasties from her paternal grandparents Dwita was told by her mother in no uncertain terms that she had to live by family traditions and expectations That is how life started for Dwita The Onus of Ancestry Destiny s Mandate is about Dwita s journey through life her birth special circumstances of her emergence ancestry and heritage and the people around her those who loved her and those who did not or could not as destiny was not always on her side She was pursued by her personal dreams ancestral shadows quiet aspirations and moral values all of which denied her the irresponsibilities of youthful abandonment and fearless laughter The book is also about the demands of ancestral norms and values ending in privilege of heritage destiny and karma It is a

challenging and mesmerising novel leading to impregnable depths of romance and adventure a victory for human spirit The Onus of Ancestry Destiny s Mandate is a gripping novel a fiction with historical links that will be enjoyed by fans of both romance and adventure *The Wall Street Journal* ,1994 **Socio-economic Profile of Rural India** V.
