Revolution of Innovation Management Alexander Brem, Eric Viardot, 2017-01-31 This edited volume explores how the rapid development of business model innovation changes innovation management at an international level. It discusses the next phases in its development and the impact that this could have on the field. The authors identify and examine recent trends which have the potential to disrupt the traditional way of managing innovation, notably in terms of creativity, product development and process change. In line with the constant globalization of innovation, the second volume of *Revolution of Innovation Management* offers a variety of international perspectives on these topics, with illustrations and analysis coming from Asia, America and Europe.

CeDEM17 Parycek, Peter, Edelman, Noella, 2017-05-01 The Conference for E Democracy and Open Government CeDEM brings together experts from academia, public authorities, developers and practitioners.
