**ABC'S for Bully Prevention, Simple as 1-2-3** Mark Johnson, 2014-12-20. Bullying and victimization are not new. They have been around since the beginning of time. ABCs for Bully Prevention Simple as 1 2 3 corresponds the letters of the alphabet to words that relate to victimization, bullying, and intervention. Words are simple yet relevant, a toolbox of different ideas and principles that can be used by all ages: students, teachers, parents, children, preachers, parishioners, correctional workers, law enforcement, supervisors, and employees to educate themselves and others. Concepts challenge the reader to develop an out-of-the-box perspective on how to approach bullying and reduce its negative effects. Author's personal opinion is that children are not born to hate; they are taught to hate. Use this book to reverse that cycle.
