s business environment **ECBA Revision Guide** Amit Lingarchani, Abhishek Srivastava, 2020-07-27 It is our pleasure to present the second edition of this book. The first edition was released couple of years back. Since then we wanted to add several things to enable revision of BABOK more meaningful and quicker. So here we are. Our objective to write this book was to create a concise revision guide for Business Analysis Body of Knowledge BABOK guide v3.0. BABOK is a big book with around five hundred pages and revising BABOK can be cumbersome. So how does it help you in revising? One of the proven revision approaches is to create notes. We conceptualized this revision guide as notes. So the first edition was written as notes based on BABOK. It simply summarized BABOK v3 and was much smaller than BABOK. However we wanted to make it more meaningful for all the readers. So we have now added concept notes, mock questions, crosswords, and matchmaking. We have also added examples at the end of Techniques chapter. The examples are added to help you see the real life usage of the technique. It is added for selected techniques. The guide is meant for professionals who are planning to undertake ECBA certification examination. This revision guide covers these BABOK chapters: key concepts, all the six Knowledge Areas, Perspectives, and all the 50 Techniques. For the best results, this revision guide must be picked up after you have gone through the BABOK guide once. You will find all the key aspects of BABOK in this guide. This means that you do not need to pick up BABOK again. Cheers and all the best for your exam. Abhishek Srivastava, Amit Lingarchani Marketing and Outreach for the Academic Library Bradford Lee Eden, 2016-05-12 Volume 7 of the series Creating the 21st Century Academic Library is focused on new approaches and initiatives in marketing the academic library as well as the importance of outreach through partnerships and collaborations both internal and external to the library. Implementation of social media strategies, the use of library spaces for collaboration and inspiration, planning events and extravaganzas in the library, librarians as event coordinators and user centered programming, the delivery of library services through digital engagement using Instagram to create a library character for the YouTube generation using workshops to promote digital library services, an examination of the new librarianship paradigm, the process of marketing and constructing a digital collection based on U.S. Highway 89 and the Intermountain West, and how librarians at Loyola University New Orleans have embedded their expertise and practice into their university culture are the primary topics in this book.
