Hidden Bible Taboos Forbidden By Organized Christianity James Slobodzien, 2014-05-01 Have you ever wondered about the Mysteries of God's wisdom or the secret to knowledge Jesus condemned the religious leaders of his day for taking away the Key to Knowledge Luke 11:52 This remarkable article anthology may have accidentally uncovered some of these ancient mysteries that are now considered TABOO to help you to read and really understand the Bible Less Could the 7 Pillars or dimensions of Wisdom Pro 9:1 possibly be related to the Key to Knowledge Hidden Bible Taboos began as one short essay that just for fun proposed a 7 Dimension Theory of Everything but several readers encouraged me to continue researching it and I soon discovered that it is the nature of the Universe for things to exist in 7s For example there are 7 types of Matter and 7 forms of Energy in the universe When we consider Time the 7 Day calendar week continues to be universal and immemorial in its observance among all nations and in all times Space our earthly physical space is divided up into 7 Continents 7 Oceans and 7 Seas After studying the multiple patterns of 7s in the universe's numerical DNA I turned my focus to ancient cultures and was shocked to find that in the ancient wisdom writings including Christianity the number 7 stands for spiritual perfection and divine completeness For example the Bible's book of Isaiah mentions the 7 Spirits of God the Father Isaiah 11:2 The Apostle John mentions the 7 Stars of God the Son Rev 1:20 and the Apostle Paul mentions the 7 Gifts of God the Holy Spirit Rom 12:6-8 In addition Zechariah mentions the 7 Eyes of the Lord which range throughout the earth Zech 4:10 This incredible phenomenon of multiples of 7 cannot be explained by chance or human design It is in these 7 Pillars of God's Wisdom that I have experienced a paradigm shift that has opened my eyes to see this divine tapestry to gain a better understanding of the Bible The 7 Dimension articles were written as independent brief essays over a period of 7 years After receiving comments from many readers over the years sometimes secretly a theme became apparent that seemed to be pointing to the fact that these divine truths of the 7

dimensional 7D biblical patterns of 7 were not being taught by the professional religious leaders of Catholic and Protestant Churches because they were forbidden by custom or tradition They are TABOO This compilation of independent articles indirectly provides a historical overview of the ancient world that leads up to the time of Jesus and the Early Church and reveals some Taboos related to sex drugs violence and racism The majority of the Taboos in this book however are not related to ancient mysterious pagan practices The most significant Taboos in this book are coming from professional church leaders of organized religions of Christianity today who forbid their church members from knowing and practicing what is written in the New Testament and commanded by Jesus and his Apostles Hidden Bible Taboos is a collection of these 7D articles that have accidentally uncovered and systematically integrated ancient religious mythologies archeological mysteries scientific and historical facts and End Time prophecies to reveal the Christian Sun god conspiracy It is not a formal theological treatise on spirituality and or religion as it is a work in progress that is very very far from perfect With the above disclaimer to having and or knowing the absolute truth I would like to present what I believe to be the 7 dimension 7D origins of ancient religious knowledge and ageless wisdom that have been passed down to us by our ancestors So put on your 7D glasses Dedication This book is dedicated to Peter Waldo Founder of the Waldensians and the 50 million other Christians who were persecuted and slaughtered by the Organized Religion of Christianity Papacy in the middle ages and later Spiritual Religious Reading Material Warning The contents of this article anthology may shock and inspire you into developing your spiritual life Don t let yourself or your friends go without reading this life changing book **Kiplinger's Personal Finance** ,2006-07 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics [Kiplinger's Personal Finance](#) ,2006-12 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **Kiplinger's Personal Finance** ,2006-07 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics

with engineering design students working as development teams one case study with the author as the developer and nally one case study in an industrial environment at a product owning company with in house production The goal of the case studies has been to increase the collective knowledge of how product development decisions affect production development decisions and vice versa when developing passenger vehicles in new materials In the following analysis of case study outcomes a number of factors important for introducing new materials are discussed The relationship between product and production is investigated both in terms of how the production system affects the product and how the product affects the production system The outcome from this analysis is a mapping of important factors for automotive industry companies to understand and identify when looking at introducing new materials in existing production systems Finally a suggestion for future research efforts is presented

Rethinking Prestige Branding Wolfgang Schaefer,JP Kuehlwein,2015-05-03 What makes someone covet a Kelly bag Why are Cirque Du Soleil or Grey Goose so successful despite breaking all the conventions of their categories What does Gucci s approach to marketing have in common with Nespresso s And why do some people pay a relative fortune for Renova toilet paper or Aesop detergent even though they hardly ever advertise and seem to have none of the functional performance advantages conventional marketers would seek to demonstrate Prestige brand experts JP Kuehlwein and Wolfgang Schaefer have dedicated themselves to studying what drives the success of prestige brands Rethinking Prestige Branding collects their insights Uncovering the secrets of why and how some brands are created more equal than others Rethinking Prestige Branding includes over 100 case studies from Apple and Abercrombie Fitch to Tate Modern and Tesla Rather than re telling brand success stories or re hashing long standing marketing principles it takes readers on a colourful journey behind the scenes of today s marketing pros This book will fascinate marketing professional just as much as those who are simply curious as to how premium brands tick
