Bill Hull Pdf:

Following Jesus Alison Morgan, 2015-04-30 There seems to be a growing consensus around Discipleship as the greatest challenge facing Christians in the West and as usual Alison Morgan has not only identified the key issue but also provided a lucid and practical insight into what it means I love her writing Somehow she manages to combine substantial scholarship with highly personal reflection and down to earth illustration so this book like her previous work is easy to read as well as intellectually and spiritually stimulating If you are looking for something to excite people about Christian discipleship this is it from the foreword by Bishop James Newcome

The Spiritual Mentor Jim Grassi, 2013-11-26 There is nothing more

fundamental to the Christian faith and to building godly men than discipleship In today s vernacular discipleship would best be described as Spiritual Mentoring Why are discipleship and mentoring so important How does discipleship connect to the struggles men face today Discipleship is a relational process that requires people to become actively involved in their faith Devoted and active men can change the direction of our culture Most importantly God has commanded men to be the leaders in the home church and community Authentic discipleship is about developing a caring concern and a genuine love for others through modeling Christ like attitudes and behavior in the context of relational environments A fresh approach is needed to define implement and equip men with a passion to make disciples It starts with relationship Because it all starts with the individual we must see one on one discipleship as the primary objective to begin the revolution The Spiritual Mentor will explain how men can rescue their faith and how spiritual mentors must play a critical role in bringing the church back to its original purpose Features include Metaphors anecdotes and practical applications Practical tools for becoming a spiritual mentor Discussion questions Dr Jim Grassi has captured the essence of what is happening today with men in the church and defined logical and practical steps to get back on course of men gaining a closer relationship with God in the mentoring and discipleship process Dr Grassi illustrates the how to thru practical examples of situations we all know and can relate Dr Grassi sets the tone for a modern day Haggai in being strong and staying courageous putting in the effort by serving and working at the process and lastly knowing that God never leaves your side and is always with you This book is a must read and must have for reference of every men s ministry leader Darrel Billups NCMM Executive Director Our men s small group just finished reading and discussing The Spiritual Mentor We found the book to be challenging informative and very practical The stories and illustrations are captivating giving insight into principles and techniques of discipleship As fathers and grandfathers we want to first be a positive influence on our families and then on others with whom we come in contact This book has raised the level of our awareness of the responsibility and opportunity to serve God in fulfilling the most important directive given us by our Lord to make disciples Thank you for sharing your insight and experiences with us Norman Thomas Administrative Pastor Valley Assembly

Rediscovering Discipleship Robby Gallaty,2015-10-20 Discipleship is the buzzword today Many believers are contemplating in a fresh way what it means to take the Great Commission seriously Rediscovering Discipleship takes the guesswork out of Christian maturity Based on insights gained from a decade of personally making disciples author and pastor Robby Gallaty tackles the two hindrances that keep believers from getting involved in making disciples ignorance and uncertainty Since many believers have never been personally disciple they have no model to guide them in discipling others Their ignorance of the process fuels their uncertainty which leaves them crippled from the start With simple principles

that are easy to apply Rediscovering Discipleship provides readers with the tools to follow the Great Commission to go and actually make disciples who multiply and make disciples Gallaty begins with a brief historical overview of the discipleship ministries of influential theologians preachers and pastors from years past and then identifies roadblocks that hinder believers from becoming disciples before offering a step by step process for readers to immediately get started on the path to effective disciple making

Maritime Law and Practice in Nigeria Dr. Collins O. Chijioke,2016-08-05 About the Book Paucity of literature in the area of maritime law in Nigeria was what motivated the author to embark on this project and as such this book is the authors attempt to contribute to the bridging of the gap in knowledge in this area of the law This book is written in simple and understandable English to ensure fluidity of reading It is presented in such a way as to provide information in the areas of commercial law carriage of goods by sea maritime law as well as practical steps in maritime law litigation and related actions Particular consideration has been given to the study of carriage of dangerous goods by sea a subject which existing legal literature in Nigeria merely mentioned in passing Suffice it to say that this book is the first Nigerian legal literature that has explored that subject taking into consideration our domestic laws and international treaties most of which are yet to be ratified and domesticated in Nigeria Though the work has Nigeria as its geographical location it has discussed the subject with comparative analysis of contemporary development in some areas of maritime law with special reference to the United Kingdom and the United States It is the authors belief that this book apart from providing practical guide to maritime litigation in Nigeria would also serve as veritable tool for teaching and studying of maritime law and related courses in Nigerian Universities and other territory institutions and would be immeasurably useful to legal practitioners members of the bench an research fellows Dr C O Chijioke Faculty of Law Abia State University
