

BIOLOGY 12 – PROVINCIAL EXAM MULTIPLE CHOICE QUESTION GUIDE

This package represents a very powerful learning tool for you. I have, with the help of my student, Parmit Chahana, organized a large collection of multiple choice questions from past Provincial Exams. The questions are organized by topic in the same chapter order that we will cover in class. At the end of this package is an answer key. My recommendations for using this resource are as follows:

- DO ALL THE QUESTIONS** in this booklet. These are actual Provincial Exam questions! Your own provincial exam will include questions very much like these ones AND my chapter and unit tests will feature some of these very same questions!
- RESIST THE URGE TO LOOK AT THE ANSWER KEY** until you have given all the questions in the section your best effort. Don't do one question, then look at the key, then do another and look at the key, and so on. Each time you look one answer in the key, your eye will notice other answers around them, and this will reduce the effectiveness of those questions in helping you to learn.
- LEARN FROM YOUR MISTAKES!** If you get a question wrong, **figure out why!** If you are having difficulty, **talk to your study partner**, or maybe **phone someone in your alpha group or Peer Tutoring group**. Get together with group members or other students from class and work on these questions together. Explain how you got your answers to tough questions to others. In explaining yourself to someone else, you will learn the material better yourself (try it!). Ask your teacher to explain the question to you during tutorial or after school. **Your goal should be to get 100% on any Biology 12 multiple choice test** – learning from your mistakes in this booklet will really help you in your efforts to meet this goal!
- This is REALLY CRUCIAL: Do Not – I repeat – DO NOT mark the answer anywhere on the questions themselves.** For example, do not circle any of A, B, C or D's in the choices. Why not? If you do, you can never use that question effectively again to study. Instead, **I recommend that you write your answers on separate sheets of paper.** That way, you can test yourself effectively over and over again. Just to the left of the question number, there is a box. Use this box to put an asterisk or small note to yourself. For example, an asterisk (*) might mean that you got that question wrong and need to come back to it again after reviewing the course material again. A check mark might mean that you have gotten this question right three times in a row, and you never need to go over it again. You get the idea?
