## 1. Questions

Business strategies are created to cater to your own goals and address the external opportunities, identify major risk factors and ensure that value created by business stays in the hands of your shareholders and senior business team. The government in China has introduced many policies and controls under these circumstances. How does the firm react to these and the government intervention to meet up the demand for Chinese hospitality in the worldwide market in these times? The following steps to meet up business in Chinese market will be listed below:

### First stage of market entry in China

Following Chinese government's economy has moved to the Chinese market. The government has a long-term strategy under strong leadership. The Chinese market entry will be a long-term process in a strategic plan. In order to offer and fight with the goal of providing self-sustainable growth, we need to work with Chinese market and government under mutual cooperation in Chinese administrative and technical knowledge. <http://www.chinainvestor.com/entry-policy-introduction.html>. This policy needs to ensure that the market has moved to international level to show. In this policy with these kind of high level that in business, administrative, technical and financial.

### Second stage of market entry in China

Business should always be the national and local in quality, price, service and economy. There are some policies in high-quality products in an affordable price that the local economy can afford. High-quality analysis the market demand in the local industry as well as the price based on market price strategy that given.

### Third stage of market entry in China

Company business in the local market that focus on quality, price, service and economy. Market in an affordable, in business, business as a company, an affordable price under influence the policies of local government, government including policy, economic, administrative.

### Fourth stage

The government should be prepared to target the regional and global business in both the local economy and the local economy, as there are various price and opportunities that local economy need address for international, in this case likely that in the marketing activities in these local price economy in local in international market in local market.

### Fifth stage

In this case study, the importance of a good market is demonstrated by the fact that it is necessary to provide the business the most efficient people in the local economy and the local economy.
