Diet and Bodyweight Training Fundamentals for Men and Women Daisy Edzel, 2018-05-12 Have you ever felt unattractive like your body is not your friend Maybe you know that you look good and that your physical attributes are fine But wouldn't it be better to feel more than fine about your body In short don't you think it is about time for you to get into your best shape and give yourself the chance to feel fit healthy and happy at the same time Well that can happen NOW LEARN ABOUT THE RIGHT WAYS TO STAY IN SHAPE You see there are so many supplements and products in the market that promise to give you your best body in no time But more often than not those promises just turn out to be broken and in the long run you'll just find yourself wishing you did not believe them in the first place This book won't give you any unnecessary promises but rather would help you understand that you have it in you to change the course of your life and your body With the help of this book you'd learn all about weight training what it is how it can turn things around for your body and what kind of systems you can try so you could get into your best shape BUT I AM NOT STRONG ENOUGH I know You may feel like Weight Training is such a strong word but as you come to read this book you will realize that with enough power and commitment it is so possible to follow various weight training systems such as HIIT or High Intensity Interval Training Kinobody Crossfit P90x and others You'll understand what each of these systems mean and by doing so you would be able to choose the system that you feel would work best for you based on your body type the activities you're used to doing and how you think these systems would fit right into your schedule Lots to look forward to But of course getting in shape does not just end with choosing a good weight training system It always has to be a holistic process so you'd know that what you're doing would actually work not just at the present moment but more so in the long run By reading this book you would also learn about The Ketogenic Diet and why it works best with weight training Intermittent Fasting more popularly known as IF How to count calories and measure your own levels of body fats Paleo Atkins and other types of diets you could try and so much more You will then realize that while weight training is not one of those miracle cures that promise to give you a healthy body in just a day or so it is in fact so much better It all starts with YOU It is never too early to start taking care of your body more so doing it the right way Why subject yourself to processes that you're not even sure are healthy and legal If you really want to get in shape and be the best version of you that you can be then it is just the right time to start It is up to you to decide how you'd want to honor your body You see not only will you be able to learn about weight training while reading this book but you'll also understand how food works to make this all possible By learning so you would no longer be doing things that would impact your body negatively and you can finally start treating your body as your friend Read this book now achieve your fitness goals and take care of your health all at the same time **DOWNLOAD THIS BOOK TODAY** **Tanz im Film** Ladina Bucher, Desiree Beil, Anne Marie Faisst, Claudia Freiberger, Bernhard Frena, Simon Gansinger, Marlene Gallner, Nitya Koch, Andreas Köhneman, Loïc Kurzweil, Jasmin Rückert, Tobias Stadler, Alina Tretinjak, Lisanne Wiegand, Judith
