Arrival Nick Mount, 2017-09-02 The most important book to be written in more than 40 years about the rise of Canadian literature *Arrival* The Story of CanLit brims and crackles in equal measure with information and energy Winnipeg Free Press A Globe and Mail Top 100 Book National Post 99 Best Books of the Year In the mid twentieth century Canadian literature transformed from a largely ignored trickle of books into an enormous cultural phenomenon that produced Margaret Atwood Alice Munro Michael Ondaatje Mordecai Richler and so many others In *Arrival* acclaimed writer and critic Nick Mount answers the question What caused the CanLit Boom Written with wit and panache *Arrival* tells the story of Canada's literary awakening Interwoven with Mount's vivid tale are enlightening mini biographies of the people who made it happen from superstars Leonard Cohen and Marie Claire Blais to lesser known lights like the troubled and impassioned Harold Sonny Ladoo The full range of Canada's literary boom is here the underground exploits of the blew ointment and Tish gangs revolutionary critical forays by highbrow academics the blunt force trauma of our plain spoken backwoods poetry and the urgent political writing that erupted from the turmoil in Quebec Originally published to coincide with the 150th anniversary of Canadian Confederation *Arrival* is a dazzling variegated and inspired piece of writing that helps explain how we got from there to here

How to Revise a True War Story John K. Young, 2017-01-11 You can tell a true war story if you just keep on telling it Tim O'Brien writes in *The Things They Carried* Widely regarded as the most important novelist to come out of the American war in Viet Nam O'Brien has kept on telling true war stories not only in narratives that cycle through multiple fictional and non-fictional versions of the war's defining experiences but also by rewriting those stories again and again Key moments of revision extend from early drafts to the initial appearance of selected chapters in magazines across typescripts and page proofs for first editions and through continuing post-publication variants in reprints *How to Revise a True War Story* is the first book-length study of O'Brien's archival papers at the University of Texas's Harry Ransom Center Drawing on extensive study of drafts and other prepublication materials as well as the multiple published versions of O'Brien's works John K. Young tells the untold stories behind the production of such key texts as *Going After Cacciato* *The Things They Carried* and *In the Lake of the Woods* By reading not just the texts that have been published but also the versions they could have been Young demonstrates the important choices O'Brien and his editors have made about how to represent the traumas of the war in Viet Nam The result is a series of texts that refuse to settle into a finished or stable form just as the stories they present insist on being told and retold in new and changing ways In their lack of textual stability these variants across different versions enact for O'Brien's readers the kinds of narrative volatility that is key to the American literature emerging from the war in Viet Nam Perhaps in this case you can tell a true war story if you just keep on revising it
