Behavior John Corey Whaley, 2016-05-10 Teen and adult fans of *All The Bright Places*, *Me and Earl and the Dying Girl* and *Everything Everything* will adore this quirky story of coming of age, coming out, friendship, love, and agoraphobia. Sixteen-year-old Solomon is agoraphobic; he hasn't left the house in three years, which is fine by him. Ambitious Lisa desperately wants to get into the second-best psychology program for college, she's being realistic. But how can she prove she deserves a spot there? Solomon is the answer. Determined to fix Sol, Lisa thrusts herself into his life, sitting through *Star Trek* marathons with him and introducing him to her charming boyfriend Clark. Soon all three teens are far closer than they thought they'd be, and when their walls fall down, their friendships threaten to collapse as well. A hilarious and heartwarming coming-of-age perfect for readers of Matthew Quick and Rainbow Rowell. *Highly Illogical Behavior* showcases the different ways we hide ourselves from the world, and how love, tragedy, and the need for connection may be the only things to bring us back into the light.

Between the Lines Michael Anthony, Joan F. Kaywell, 2016-09-23 Michael Anthony, 20-year reading workshop practitioner at the secondary level, and Joan Kaywell, acclaimed author and advocate for young adult literature, present *Between the Lines*, a creative paradigm shift for the English Language Arts workshop classroom. In contrast to the traditional, sustained silent reading and individual conferencing model, an impractical commitment for most teachers, BtL invites collaborative engagement and active inquiry among students, as well as on-demand writing and integrated YA literature, all designed to support existing middle and secondary level ELA classroom curriculum, instruction, and national academic learning standards, while empowering English educators toward improved student literacy achievement and the creation of lifelong readers. The classroom activities, with student-friendly names like Book Chat Check and Pop Goes the Question, promote animated discussions in social learning contexts and produce writings supported by textual evidence from student-selected texts. Clear, step-by-step directions for facilitation and authentic models of resulting student writing are shared, along with a standards-based lesson plan suitable for grades 6-12. Ongoing teacher-student journal conversations validate independent reader thought processes and provoke differentiated learning experiences. The book includes Common Core State Standards-based strategies for responding to students meaningfully and for inviting extensions beyond the book, motivating increasingly complex and connective writings. Sample dialogue journal entries are shared, along with insightful commentary and practical analysis. Everything needed for implementing *Between the Lines* is contained within these pages, including a user-friendly appendix filled with fully reproducible classroom workshop materials, tips for reducing the teacher reading and writing loads, and suggestions for building an enviable classroom library stocked with award-winning adolescent literature.
