This book dives deep into those hidden signals, shining a light on the quiet burn that so many overlook until it's too late. The Exit Cure offers a fresh perspective, turning the idea of quitting on its head. Instead of seeing it as failure or giving up, it reframes quitting as a strategic, courageous choice to protect your health and realign with your true values. Through a mix of science, heartfelt stories, and practical exercises, you'll learn to assess your current state honestly and design a personalized plan that balances rest, healing, and renewal. You'll discover how to set boundaries that last, communicate openly with loved ones, and navigate career transitions with confidence. Tools for financial planning and mindset shifts pave the way for a sabbatical or exit that isn't just an escape but a deliberate pause to rediscover purpose and build resilience. This book also guides you on how to create a life you actually want to live—one where work fits your priorities rather than consuming them. If you're ready to stop running on empty and start living intentionally, this book provides a compassionate, empowering roadmap.
