## **The Active Side Of Infinity Carlos Castaneda:**

The Active Side of Infinity Carlos Castaneda, 1999-12-22 Ordinarily events that change our path are impersonal affairs and yet extremely personal My teacher don Juan Matsus said this is guiding me as his apprentice to collect what I considered to be the memorable events of my life Don Juan described the total goal of the shamanistic knowledge that he handled as the preparation for facing the definitive journey the journey that every human being has to take at the end of his life He said that what modern man referred to vaguely as life after death was for those shamans a concrete region filled to capacity with practical affairs of a different order than the practical affairs of daily life yet bearing a similar functional practicality Don Juan considered that to collect the memorable in their lives was for shamans the preparation for their entrance into that concrete region which they called the active side of infinity In this book written immediately before his death anthropologist and shaman Carlos Castaneda gives us his most autobiographical and intimately revealing work ever the fruit of a lifetime of experience and perhaps the most moving volume in his oeuvre *The Active Side of Infinity* Jörgen I Eriksson, 2020 More than 50 years after Carlos Castaneda's first book and 20 years after his death the interest in his legacy is growing The 12 books on his apprenticeship with the Yaqui sorcerer Juan Matus contain fabulous stories but most of all an abundance of shamanic wisdom According to Jörgen I Eriksson who has worked in the Nordic shamanic tradition for 40 years Castaneda's works represent deep shamanism from which present day students of shamanism has much to learn But it is necessary to keep Castaneda at arm's length In this book Eriksson tries to extract the very best of Castaneda and in a way liberate Castaneda from Castaneda *The Curious Case of Dr. Castaneda's Twelve Pages of Field Notes* F. Lawrence Fleming, 2023-01-05 My previous book about the author Carlos Castaneda Making Sense of the Life and Works of Carlos Castaneda F Lawrence Fleming published 2018 was an attempt to show that although evidence appears to show that Castaneda did actually work with a Yaqui Indian sorcerer the publications concerning his fieldwork were largely fraudulent In this present book I shall attempt to show what sort of person the character don Juan in the books by Carlos Castaneda may have been in real life and how his remarkable personal philosophy can be inferred from what I assert is Castaneda's grossly corrupted version of the teachings of Don Juan in his published works **Success & Happiness One Day at a Time; an instructional manual for your life**, *Powerful Mental Development* Karma Changchub Dorje, Roger Cantu, 2000 Powerful Mental Development is the study of how to gain the most from your time life and mind This is achieved through the practice of meditation and self discovery **The Scientification of Religion** Kocku von Stuckrad, 2014-05-21 The enigmatic relation between religion and science still presents a challenge to European societies and to ideas about what it means to be modern This book argues that European secularism rather than pushing back religious truth claims in fact has been religiously productive itself The institutional establishment of new disciplines in the nineteenth century such as religious studies anthropology psychology classical studies and the study of various religious traditions led to a

professionalization of knowledge about religion that in turn attributed new meanings to religion This attribution of meaning resulted in the emergence of new religious identities and practices In a dynamic that is closely linked to this discursive change the natural sciences adopted religious and metaphysical claims and integrated them in their framework of meaning resulting in a special form of scientific religiosity that has gained much influence in the twentieth century Applying methods that come from historical discourse analysis the book demonstrates that religious semantics have been reconfigured in the secular sciences Ultimately the scientification of religion perpetuated religious truth claims under conditions of secularism

**I Was Carlos Castaneda** Martin Goodman,2001 A marvelous book with rich teachings that particularly touch the heart of death and thus life itself Thom Hartmann author of *The Last Hours of Ancient Sunlight* Carlos Castaneda comes back from the dead in a true life spiritual adventure story set in the French Pyrenees Machu Picchu the Peruvian Amazon and the American Southwest Four months after his death the world renowned writer anthropologist and mystic Carlos Castaneda turns up in the French Pyrenees He meets with writer Martin Goodman His purpose To lead Martin beyond the fear of death and the confusions of mortality and to offer a clearer understanding of the ultimate wisdom the wisdom to live the rest of our days in full and conscious harmony with the living earth Martin Goodman is a gifted storyteller who has infused *I Was Carlos Castaneda* with literary verve and humor When at their first encounter an incredulous Goodman confronts Castaneda with reports of his recent death Castaneda replies wryly Details mere details And so the story begins *The Gurdjieff Journal*,2005 Exploring Gurdjieff s teaching of the Fourth Way the way of transformation in ordinary life **Not in His Image** John Lash,2006 Basing much of *Not in His Image* on the Nag Hammadi and other Gnostic writings John Lamb Lash explains how a little known messianic sect propelled itself into a dominant world power systematically wiping out the great Gnostic spiritual teachers the Druid priests and the shamanistic healers of Europe and North Africa They burned libraries and destroyed temples in an attempt to silence the ancient truth tellers and keep their own secrets But as Lash reveals when the truth is the planet Earth it cannot be hidden or destroyed *Not in His Image* delves deeply into the shadows of ancient Gnostic writings to reconstruct the story early Christians tried to scrub from the pages of history exploring the richness of the ancient European Pagan spiritualitythe Pagan Mysteries the Great Goddess Gnosis the myths of Sophia and Gaiaand chronicles the annihilation of this Pagan European culture at the hands of Christianity Long before the birth of Christianity monotheism was an anomaly Europe and the Near East flourished under the divine guidance of Sophia the ancient goddess of wisdom The Earth was the embodiment of Sophia and thus sacred to the people who sought fulfillment in her presence This ancient philosophy was threatening to the emerging salvation based creed of Christianity that was based on patriarchal dominion over the Earth and lauded personal suffering as a path to the afterlife As Derrick Jensen points out in the afterword in Lashs hands Jesus Christ emerges as the agent provocateur of the ruling classes **Teaching What Can't Be Taught** David Rigoni,2002-09-04 Some of life s most important lessons cannot be explicitly taught and learned David Rigoni uses a shaman metaphor to

examine how the most important learning in a professional program takes place between the lines of the formal curriculum
