The Unsold Mindset Colin Coggins, Garrett Brown, 2023-02-21 What if the greatest salespeople on the planet are the opposite of who you think they are Everyone sells every day It's why the most successful people are better than most at selling themselves their ideas or their products and services Yet when people hear the word sales they think of an overly confident articulate extrovert at best or a pushy know it all huckster at worst Because of these misperceptions when we find ourselves in a situation where we need to sell we feel compelled to put on the persona of a good salesperson But there's a disconnect between who we think good salespeople are and who they actually are In any room they're not the most self confident they're the most self aware They're not the most sociable they're the most socially aware And they don't succeed in spite of obstacles they succeed because of obstacles Colin Coggins and Garrett Brown sought out some of the most successful people from all walks of life including CEOs entrepreneurs doctors trial lawyers professional athletes agents military leaders artists engineers and countless others in hopes of understanding why these people are so extraordinary Colin and Garrett found that as different as all these incredible people were they all had an eerily similar approach to selling It

didn't matter if they were perceived as optimists or pessimists logical or emotional introverted or extroverted jovial or stoic they were all unsold on what it meant to sell and unsold on who people expected them to be The Unsold Mindset reveals a counterintuitive approach not just to selling but to life It's a journey toward an entirely new mindset the greatest sellers on the planet aren't successful because of what they do they're successful because of what they think Being a good person and a good salesperson aren't mutually exclusive The Unsold Mindset will change the way you think about selling and the way you think about yourself English Mechanic and Mirror of Science and Art, 1878 *English Mechanic and Mirror of Science*, 1878 **English Mechanic and World of Science**, 1898 **Strategic Human Resources Management** Fred K.
