The SPEED of Trust Stephen M.R. Covey, Stephen R. Covey, Rebecca R. Merrill, 2008-02-05 Part of NWTC's Talent Development collection

**The Speed of Trust** Stephen M. R. Covey, Rebecca R. Merrill, 2006 From Stephen R. Covey's eldest son come a revolutionary book that will guide business leaders, public figures, and their organizations towards unprecedented productivity and satisfaction. Trust says Stephen M. R. Covey is the very basis of the 21st century's global economy, but its power is generally overlooked and misunderstood. Covey shows you how to inspire immediate trust in everyone you encounter: colleagues, constituents, the marketplace, allowing you to forego the time-killing and energy-draining check-and-balance bureaucracies that are so often relied upon in lieu of actual trust.

The SPEED of Trust Stephen M.R. Covey, 2006-10-17 Over two million copies sold. Stephen M. R. Covey shows how trust and the speed at which it is established with clients, employees, and all stakeholders is the single most critical component of a successful leader and organization. Stephen M. R. Covey, widely known as one of the world's leading authorities on trust, asserts that it is the most overlooked, misunderstood, underutilized asset to enable performance. Its impact for good or bad is dramatic and pervasive. It's something you can't escape. Thankfully, it's also the thing that can dramatically improve your personal and professional success. Why trust? The simple, often overlooked fact is this: work gets done with and through people. *The Speed of Trust* offers an unprecedented and eminently practical look at exactly how trust functions in every transaction and every relationship, from the most personal to the broadest, most indirect interaction. It specifically demonstrates how to establish trust intentionally so that you and your organization can forego the time-killing bureaucratic check-and-balance processes that are so often deployed in lieu of actual trust. This 2018 updated edition includes an insightful afterword by the author which explores ten key reasons why trust is more relevant now than ever before, including how trust is the new currency of our world today.

SUMMARY - The SPEED Of Trust: The One Thing That Changes Everything By Stephen M. R. Covey Shortcut Edition, 2021-06-07 Our summary is short, simple, and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will learn why building trust is key to improving human relationships and how to use it to your advantage. You will also learn that trust, time, and money are intimately linked; how to build trust; how to determine if a person deserves your trust; how to try to regain a betrayed trust; how companies and organizations too often miss out. Only one thing is fundamentally essential to society: It binds people together professionally and lovingly, makes trade work, and enables governments to govern countries. That one thing is trust. Contrary to popular belief, it is not only to be found in the strictly private sphere; it can be consciously developed as an individual or as a group. Much more, it must be developed because without trust, everything collapses. With it, everything becomes easier. Buy now the summary of this book for the modest price of a cup of coffee.
