Depression is a dysregulation of the frontal limbic system in the brain Learn what the contributions are of neurotransmitters and the function of brain chemicals Find out how important it is to be grateful and to get good sleep Why focus and making a plan is beneficial in decision making thus reducing stress Find out why making decisions helps you to enjoy your life Which will in turn give you the drive to exercise and socialize Learn why when you are down your brain is stuck Find out the many therapies medications and treatments that are available to battle depression If you feel down visit a friend spend time with a pet or go for a walk outside in the sun and read the book In this detailed summary and analysis of Alex Korb's work you'll enjoy The causes of depression and what you can do to cure it Why the decisions you make aid in depression and how to make better ones The reason you should develop new routines How exercise combats the disease And much more Download your discounted copy today with 1 click **The upward spiral**, 2010 [Summary of Alex Korb, Ph.D.'s The Upward Spiral](#) Everest Media, 2022-05-26T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Everyone has depressive tendencies to a varying degree While most people have wellness tendencies that keep them from getting stuck in the downward spiral of depression not everyone does 2 We don't know what depression is exactly but we do know the symptoms and many of the brain regions and neurochemicals involved We don't understand depression in the same detailed way we understand other brain disorders like Parkinson's or Alzheimer's 3 The flow of traffic through a city is complex and dynamic The same is true of the brain In depression there is nothing fundamentally wrong with the brain It's simply that the particular tuning of the neural circuits creates the tendency toward a pattern of depression 4 Your brain is made up of billions of neurons which transmit electrical signals that turn into chemical signals to communicate with each other Each electrical pulse and resulting squirt of neurotransmitter is not an order commanding the next neuron's actions but rather a vote on what the next neuron should do **The Essence of the Christian Worldview** Matt DeLockery, 2021-04-28 Every group within Christianity has its own opinions on what Christianity really is But who's right if anyone With the letter to the Colossians we have an opportunity to find an answer Paul compares Christianity to another worldview and argues that Christianity is better This book uses that comparison in order to understand Paul's Christian worldview In this book you will also find answers to some very difficult questions 1 What is God's ultimate purpose for humanity 2 Do we just do things because God told us to 3 Why does Paul tell wives to obey their husbands 4 Why does Paul tell slaves to obey their masters 5 Why does God care what we do at all 6 Why does God command these particular actions 7 Why would we want to follow God's commands anyway 8 How does following God's commands actually make us better people Christianity is the point at which God acted through Christ to fix what was wrong with creation and bring the whole

story to a different conclusion In this book you will see the big picture of Christianity and how all the dots connect from start to finish
