Weird Earth Donald R. Prothero, 2020-07-14 A breath of intellectual fresh air an amusing look at how to dispel endemic pseudoscience and conspiracy theories through rational thinking Publishers Weekly Aliens Ley lines Water dowsing Conspiracies and myths captivate imaginations and promise mystery and magic Whether it s arguing about the moon landing hoax or a Frisbee like Earth drifting through space when held up to science and critical thinking these ideas fall flat In *Weird Earth* Debunking Strange Ideas About Our Planet Donald R Prothero demystifies these conspiracies and offers answers to some of humanity s most outlandish questions Applying his extensive scientific knowledge Prothero corrects misinformation that con artists and quacks use to hoodwink others about geology hollow earth expanding earth and bizarre earthquakes and mystical and paranormal happenings healing crystals alien landings and the gates of hell By deconstructing wild claims such as prophecies of imminent natural disasters Prothero provides a way for everyone to recognize dubious assertions Prothero answers these claims with facts offering historical and scientific context in a light hearted manner that is accessible to everyone no matter their background With a careful layering of evidence in geology archaeology and biblical and historical records Prothero s *Weird Earth* examines each conspiracy and myth and leaves no question unanswered *Weird Earth* is about the facts and the people who don t believe them Don Prothero describes the process of science and the process of not accepting it If you re wondering if humans walked on the Moon if you ve wondered where the lost City of Atlantis went or if you re wondering what your cat will do before an earthquake check out *Weird Earth* Bill Nye [Kyrie Irving](#) Martin Gitlin, 2019-10-01 Perhaps no NBA player today is as exciting and yet enigmatic as Kyrie Irving Martin Gitlin s biography chronicles Irving s brilliance on the court as a devastating one on one talent examines the influence of his father the untimely death of his mother his growth as a basketball player in high school and college and his journey in the NBA Nicknamed the Isolation Assassin Irving has earned the distinction as the most incredible isolation player in the league outperforming rivals such as Stephen Curry and Russell Westbrook with his crossover dribble drives to the basket stop and go moves and smooth feathery jumpers a distinction borne out moreover by his championship clinching shot against Curry s Golden State Warriors in 2016 Yet while he speaks of maximizing his talent he has shown reluctance to maximize the production of his teammates by passing the ball as well as his overall defense Irving expresses his desire to win championships yet demanded a trade away from the franchise best suited to deliver him a second Off the court there is no one like Irving either An educated individual who claims that the earth could be flat and that dinosaurs perhaps never existed Irving is a man of puzzling contradictions who seeks self actualization and contentment through a variety of pursuits including reflection music and acting Gitlin a veteran writer who has followed Irving s career from the beginning has much to tell about one of the most mysterious and sensational athletes of our time whose appeal transcends his sport **The Greatest Lie on Earth (Expanded Edition)** Edward Hendrie, 2018-09-12 This book reveals the mother of all conspiracies It sets forth biblical proof

and irrefutable evidence that will cause the scales to fall from your eyes and reveal that the world you thought existed is a myth The most universally accepted scientific belief today is that the earth is a globe spinning on its axis at a speed of approximately 1 000 miles per hour at the equator while at the same time it is orbiting the sun at approximately 66 600 miles per hour All of this is happening as the sun in turn is supposed to be hurtling through the Milky Way galaxy at approximately 500 000 miles per hour The Milky Way galaxy itself is alleged to be racing through space at a speed ranging from 300 000 to 1 340 000 miles per hour What most people are not told is that the purported spinning orbiting and speeding through space has never been proven In fact every scientific experiment that has ever been performed to determine the motion of the earth has proven that the earth is stationary Yet textbooks ignore the scientific proof that contradicts the myth of a spinning and orbiting globe Christian schools have been hoodwinked into teaching heliocentrism despite the clear teaching in the bible that the earth is not a sphere and does not move This book reveals the evil forces behind the heliocentric deception and why scientists and the Christian churches have gone along with it
