A pair of blue sneakers with white laces sits on a white floor. The floor is covered in numerous red splatters and streaks, suggesting a crime scene or a messy accident. The sneakers are positioned in the center of the frame, with their shadows cast on the floor. The text "it's only pretend" is written in a white, handwritten font across the floor in front of the sneakers. The background is a solid red color.

The Dao of Translation Douglas Robinson, 2015-06-12 The Dao of Translation sets up an East West dialogue on the nature of language and translation and specifically on the unknown forces that shape the act of translation To that end it mobilizes two radically different readings of the Daodejing formerly romanized as the Tao Te Ching the traditional mystical reading according to which the Dao is a mysterious force that cannot be known and a more recent reading put forward by Sinologists Roger T Ames and David L Hall to the effect that the Dao is simply the way things happen Key to Ames and Hall s reading is that what makes the Dao seem both powerful and mysterious is that it channels habit into action or what the author calls social ecologies or icoses The author puts Daoism and ancient Confucianism into dialogue with nineteenth century Western theorists of the sign Charles Sanders Peirce and Ferdinand de Saussure and their followers in order to develop an icotic understanding of the tensions between habit and surprise in the activity of translating The Dao of Translation will interest linguists and translation scholars This book will also engage researchers of ancient Chinese philosophy and provide Western scholars with a thought provoking cross examination of Eastern and Western perspectives *From Calvary to Olivet, a sequel to 'Voices from Calvary', a course of homilies* Charles Stanford, 1884 **The Contemporary English Version**, 1995
