Focus On: 100 Most Popular United States National Medal of Arts Recipients Wikipedia contributors, **"Cast in Later Grecian Mould", Quintus of Smyrna's Reception of Homer in the Posthomerica** Vincent Edward Tomasso, 2010 This dissertation examines the relationship between the Homeric epics the Iliad and the Odyssey and Quintus of Smyrna s Posthomerica a 14 book epic of the third century CE It argues that Quintus bridges the narratives of the Iliad and the Odyssey and redeploys Homeric style in order to re activate the cultural power of Homer under the Roman Empire The first chapter analyzes Quintus depiction of the Muses The ways in which the goddesses are represented encodes the contemporary conflict of constructing a Greek identity as panhellenic or epichoric in the language of the past This demonstrates the Posthomerica s deep engagement with the position of Hellenism and its connection to the past The lack of an opening invocation to the Muses is part of Quintus strategy for tapping into Homeric power he connects the Iliad with the

Posthomerica but also respects the boundaries of the Homeric text The second chapter explores how Quintus occasionally draws his audience's gaze away from the primary narrative of the heroic past and towards their own present This is done through landscapes a simile involving the arena Odysseus testudo maneuver and Calchas prophecy about the Roman empire These passages fuse the two time frames together which implicates the past in the construction of the present In the third chapter specific nodes of intertextuality between the Posthomerica and the Iliad Odyssey are the primary focus It is argued that the intertextual web is incomplete and that the audience must engage their education paideia to fill in the narrative gaps This engages them in creating a Hellenic identity from the narratives of the past with knowledge derived from the present The fourth chapter contextualizes Quintus with other hexameter poets of the first through fourth centuries CE who treated the Trojan War narrative including Nestor and Pisander of Laranda Triphiodorus and hexameter papyrus fragments
