properly introduced seem to have developed a feeling that it is only a might is right type of religion with no proper spiritual discipline The author has kept both these aspects in his mind and by adopting an unbiased purely academic approach he has successfully elucidated that both of these fears are baseless This book is likely to be a new dawn in the world of spiritual healing and an unprecedented gift to mankind from the blissful world of the Sufi *Alternative Healing* Taner Ansari,2007-01-01 God's Way Ibrahim Jaffe,2021 Gods Way Sufi Spiritual Healing teaches people how to find and heal the core issues and spiritual teachings that are connected to illness disease and personal suffering Drawing from the Sufi tradition as well other methods of healing Dr Robert Ibrahim Jaffe MD will unfold the A PIIR TB Method of working out the hidden causes of our illness which when resolved often lead to healing of even the most difficult illnesses Thousands have healed If you are struggling with illness and suffering and are seeking to understand why and how to heal this book can be revolutionary for your health **The Book of Sufi Healing** Hakim Moinuddin Chisti,1985 **Sufi Message of Spiritual Liberty, Volume 4** Hazrat Inayat Khan,2005-05-01 This volume contains Health Mental Purification The Mind World These books explain the Sufi teachings concerning the influence of the mind on the body and the possibilities to restore rhythm and tone of a person through spiritual healing When Health the first book of this volume was published in 1931 it met with great interest for it is as rare to find a book on spiritual healing in which the advance of modern medical science is appreciated as to find acknowledgement of spiritual healing in a medical text book Hazrat Inayat Khan the Sufi mystic has set forth in the lectures and other papers included in Health which were originally intended only for his pupils the basic laws governing the divine healing power as well as several methods it application As with all mystical knowledge the printed word alone can never confer the power and knowledge of healing upon anyone a guide a teacher is essential but the reader will find in Inayat Khan s hitherto unpublished lectures on the workings and hygiene of the mind and kindred subjects This volume ends with The Mind world a book which was first published separately in 1935 and reprinted in 1955 its title speaks for itself While Volume 3 contains most of Hazrat Inayat Khan s books and lectures on human relationship Volume 4 may be considered as a continuation of Volume 2 which deals principally with the metaphysical aspect of creation tracing a line from its origin to the human mind Here to Heal Reshad Feild,1985 Reshad brings healing techniques that apply to our own lives into a framework which is applicable to everyone and is easy to understand **Fundamentals of Complementary, Alternative, and Integrative Medicine - E-Book** Marc S.
