**Private Capital - Private Equity and Beyond** Florin Vasvari,Eli Talmor,2019-12-02 The growth of private capital has been astounding leading to an unprecedented increase in the capital allocation by institutional investors and family offices around the world It has also led to an expansion to other types of assets such as infrastructure real estate and private credit and subsequently to its rebranding as private capital The two volume book provides a comprehensive overview of the main topics in private capital This volume is devoted to fund level aspects private capital as an asset class fund structuring types performance measurement fundraising fund due diligence accounting and reporting governance administration and tax considerations It also covers risk management ESG as well as special classes of funds secondaries credit real estate infrastructure and natural

resources Professors Talmor and Vasvari's first book quickly became a standard reference work on our industry. Their new book expands the breadth of this coverage, reflecting the rapid evolution of the alternative assets sector. By offering cutting edge perspectives on emerging best practices, it makes itself an indispensable guide to the future of private markets. Jeremy Collier, Founder and Executive Chairman of Collier Capital. Professors Talmor and Vasvari combine academic rigor and real world cutting edge experience to provide an insightful and detailed description of private equity today. This is a most valuable contribution to the academia, the industry and business in general. Henry R Kravis, Co Founder, Co Chairman and Co CEO of KKR. If I were to encapsulate in a single place all that I have learned in more than thirty years of international private equity investing, I could not have come close to doing as good a job as Professors Eli Talmor and Florin Vasvari have done in their new two volume book on this subject. For anyone interested in learning about the complications as well as the potential rewards involved in this type of investing, I highly recommend *Private Capital*. David M Rubenstein, Co Founder and Co Executive Chairman of The Carlyle Group. Professors Talmor and Vasvari provide a rigorous and comprehensive treatment of private equity, including a look at important developments in the private capital market not covered in depth elsewhere. Stephen A Schwarzman, Co Founder, Chairman and CEO of The Blackstone Group. Professor Talmor and Professor Vasvari's book provides a comprehensive analysis and practical guide to the expanding world of private capital. Integrating a review of best business practice with academic insight and rigour, this text is an excellent handbook for anyone interested in this exciting asset class, whether they are a student or an experienced professional. Helen Steers, Head of Europe, Pantheon.

### **The Private Equity Book Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Private Equity Book has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Private Equity Book has opened up a world of possibilities. Downloading The Private Equity Book provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Private Equity Book has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Private Equity Book. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Private Equity Book. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Private Equity Book, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Private Equity Book has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the

vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
