Constructing The World A Study In Paul Cosmological Language:

Constructing the World Edward Adams,2000-11-03 In this study of Paul Dr Adams focuses on Paul s understanding and use of cosmological concepts such as world and creation He examines Paul s historical and social context and illuminates the whole cosmological project of Pauline Christianity *Re-membering the New Covenant at Corinth* Emmanuel Nathan,2020-03-27 Did Paul instigate Christianity s separation from Judaism if one considers the stark polemical contrasts of new and old covenant in 2 Cor 3 Emmanuel Nathan argues that Paul reconfigured traditions and memories shaping the identity of his community at Corinth back cover **Paul, Politics, and New Creation** Najeeb T. Haddad,2020-12-10 Paul Politics and New Creation Reconsidering Paul and Empire nuances Paul s relationship with the Roman Empire Using rhetorical sociohistorical and theological methods Najeeb T Haddad reevaluates claims of Paul s anti imperialism by situating him in his proper Hellenistic Jewish and Greco Roman contexts **Cosmology and New Testament Theology** Jonathan T. Pennington,Sean M. McDonough,2008-05-22 For first century people cosmology was a fundamental part of their worldview Whether it was the philosopher contemplating the perfection of the heavenly orbits the farmer searching the sky for signs of when to plant his crops or the desert dwelling sectarian looking for the end of the world the cosmos held an endless fascination and occupied a prominent place in their understanding of life For most ancient peoples cosmology and theology were inseparable Thus when the Jewish and Christian Scriptural traditions begin with the bold claim In the beginning God created the heavens and earth these words make statements which are at once cosmogonic cosmological and theological Scholarship has begun only recently to investigate more fully the various cosmological and cosmogonic traditions that were current in the time of the Old and New Testaments Much of this work however has focused on how OT conceptions of the world compared to other Ancient Near Eastern traditions Much less has been done on the cosmological traditions which stand behind the views of the NT writers Even fewer works have sought to connect cosmological views with NT theology In light of the great importance that cosmology had in ancient peoples worldviews and theological understanding a thorough investigation of this neglected topic is in order **Cosmology and New Testament Theology** systematically examines the NT documents to show how cosmological language and concepts inform interact with and contribute to the specific theological emphases of the various NT books In some NT books the importance of cosmology can be easily discerned while in others what is required is a new and close examination of key cosmological terms e g heaven earth world creation with an eye to the themes and theology of the book **Creating Sacred Places in First Century Corinth** Alisha N. Paddock,2025-06-29 This book applies spatial theories from human and cultural geography to the archaeological remains of Ancient Corinth in order to consider how sacred places could have been created in the first century Building on Philip Sheldrake s theory among others the book defines sacred place as a space with significance Significance is found in the group s spiritual history their identity and the proper behaviours required to keep the group remaining a group The book further argues that if any of these

elements of place are not recognized nor upheld the group risks becoming placeless **Our Mother Saint Paul** Beverly Roberts Gaventa,2007-07-03 Apostles as babes and nurses The maternity of Paul Mother s milk and ministry The birthing of creation Is Pauline theology just a guy thing The Apostle and the Gospel The singularity of the Gospel God handed them over The cosmic power of sin toward a widescreen edition The apocalyptic community The God who will not be taken for granted

Paul and the Corinthians Margaret Eleanor Thrall,2003 This volume contains seminal articles by an international team of Pauline specialists on 1 and 2 Corinthians The book comprises four sections Text and Traditions Culture Conflict and the Rhetoric of Paul Theology in the Letters and Sects Polemic and the Apologetics of Paul **Between Horror and Hope** Sorin Sabou,2005 Between Horror and Hope is a study of Paul s metaphorical language of death in Romans 6 1 11 The scholarly debate focuses on two main issues the origin of the commentatio mortis tradition and its development Dr Sabou argues that the origin of this terminology is original to Paul that it was the apostle s own insight into the meaning of Christ s

death a death to sin and his understanding of the identity of Christ in his death as the anointed davidic king which guided him to create this metaphor of dying to sin as a way of describing the relationship of the believer with sin On the development of this language of death the author argues that this language conveys two aspects horror and hope The first is discussed in the context of crucifixion in which Paul explains the believer s death to sin by presenting Christ s death as the death of the anointed davidic king who won the victory over sin and death by rising from the dead Paul affirms that believers are coalesced with what was proclaimed about Christ s death and resurrection thereby allowing him to assert that the releasing of the body from the power of sin is a result of crucifixion This crucifixion is the condemnation inflicted on our past lives in the age inaugurated by Adam s sin and this is such a horrible event that believers have to stay away from sin since sin leads to such punishment In contrast hope is presented in the context of burial The believers burial with Christ points to the fact that they are part of Christ s family and this is accomplished by the overwhelming action of God by which he pushes us toward the event of Christ s death an act pictured in baptism It is this burial with Christ that allows believers to share with Christ in newness of life

The Politics of Inheritance in Romans Mark Forman,2011-04-21 Mark Forman explores the extent to which Paul s concept of inheritance in Romans and its associated imagery logic and arguments served to evoke socio political expectations that were different to those which prevailed in contemporary Roman imperial discourse Forman explores how Paul deploys the idea of inheritance in Romans and analyses the sources which inform and overlap with this concept Coins literature and architecture are all examined in order to understand the purpose hopes and expectations of first century society This book contributes to recent studies covering Paul and politics by arguing that Paul s concept of inheritance subverts and challenges first century Roman ideologies
