Fix Your Habits, Transform Your Life Jack Robbins, 2025-02-17 You've tried to break bad habits before. You've set goals, built momentum, even changed your routine, only to watch it all fall apart. You want habits that stick. But no matter how hard you push, old patterns keep pulling you back. Here's the truth: change is possible. And this book will show you how. *Fix Your Habits, Transform Your Life* is your battle plan for breaking free from what's holding you back and designing a future you're actually excited to live. No more relying on motivation that fades. No more spinning your wheels. Just clear, proven strategies that get results. You'll learn why some habits last and why most don't. How to build identity-based habits that align with who you're becoming. Why willpower alone doesn't work and what does. How to shape your environment so good habits happen naturally. How to bounce back from setbacks without losing momentum. Backed by science and grounded in real-world application, this isn't motivational fluff. These are the same principles used by top psychologists, elite performers, and high-impact leaders, distilled into a simple, actionable system that works. If you're tired of starting over, ready to stop hoping for change, and want to finally build momentum that lasts, this is your book. Your future is being shaped right now by the choices you make every day. Stop waiting. Start building. The best version of you is ready. Let's go get it. [Supercharge Your Life](#)

Sandra Leon, 2016-07-05 Question: Are you the type of person who often thinks there has to be more to life than this? Admires people like Oprah, Tony Robbins, and other people who are successful and happy? Wants to know the habits to a fulfilling life? Wants to accomplish big dreams? Desires a life full of passion? Isn't willing to settle for a mediocre life? If you answered yes to any of the above questions, then read on. _____ After studying countless successful people for many years, I began to notice they all attribute their success to similar habits. When you hear the same thing over and over again, you begin to listen, especially when it's coming from top leaders. I desperately desired a better life for me and for my kids, so I listened. I did. I tested all habits mentioned by these people; some worked, some didn't. After experimenting for some time, I have reduced them to the 7 habits I share in this book. If you have found yourself reading book after book with no results, it was probably because those books were full of filler information which made you miss out on the important points. I rather make a book affordable and have it contain only the useful information, only what's important. Because the faster you can get through the material, the faster you can get to work on changing your life. Therefore, I omitted unnecessary information often found in other books. I know you want to be successful and happy. And I also know this book will show you the way. I have put my soul and heart into it. My top priority was to write this book in a way that was concise and easy to follow. _____ Here is what you'll learn in this book: 7 habits that will transform you into the person you know you can be. Enough of being stuck in an unexcited, average life. It's time to take it to the next level. You owe it to yourself, to your kids, and to this world. The transforming benefits of each habit. You don't want to do things just for the sake of doing them. You will receive better results when you know the why, i.e. the benefits. It's true. Each of these

habits will increase your happiness and success but there are additional benefits like vitality energy optimism confidence and finally an essential trio mental spiritual and physical health Easy step by step ways to practice these habits even if you re busy Nothing will ever work without action I will explain exactly how to practice each habit by guiding you to create your unique morning ritual This is the action part This will require your effort For a limited time you will receive a bonus Goal Setting Workbook I truly want you to see the same results I have in my life That s why I want to equip you with some additional resources so that you can remain on course after you finish reading this book You will be able to download the workbook for free _____ This book is only for those who are going to commit and take action You have to be willing to sincerely apply what you learn Learning something without action is useless It takes time for habits to form They will work for you in direct proportion with the amount of effort you put in This book is fool proof if you are willing to read it and implement exactly what it says If you do your success and happiness are bound to increase no questions asked
