The Oxford Handbook of Ecocriticism Greg Garrard,2014-07-03 The Oxford Handbook of Ecocriticism provides a broad survey of the longstanding relationship between literature and the environment The moment for such an offering is opportune in many respects multiple environmental crises are increasingly inescapable at both transnational and local levels the role of the humanities in addition to technology and politics is increasingly recognized as central for exploring and finding solutions and the subject of ecocriticism has reached a kind of critical mass both within its Anglo American heartlands and beyond From its origins in the study of American Nature Writing and British Romanticism ecocriticism has developed along numerous theoretical historical cultural and geographical axes the most contemporary and exciting of which will be represented in the Handbook The contributors include eminent founders of the field including Michael Branch and Richard Kerridge a number of key second wave ecocritics and the best up and coming scholars Topics covered include Renaissance anxieties about nature the challenges of representing climate change the racialization of the environment in the early 20th century language and the concept of biosemiotics and the possibilities for environmental humour **Essays in**

Ecocriticism Rayson K. Alex, 2007 Contributed papers presented at two ecocriticism conferences organized by Indian Association for Studies in Contemporary Literature in English et al Climate Change Scepticism Greg Garrard, Axel Goodbody, George B. Handley, Stephanie Posthumus, 2019-02-07 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com Climate Change Scepticism is the first ecocritical study to examine the cultures and rhetoric of climate scepticism in the UK Germany the USA and France Collaboratively written by leading scholars from Europe and North America the book considers climate skeptical texts as literature teasing out differences and challenging stereotypes as a way of overcoming partisan political paralysis on the most important cultural debate of our time Anglophone Literature and Culture in the Anthropocene Gina Comos, Caroline Rosenthal, 2019-05-02 Defined as an ecological epoch in which humans have the most impact on the environment the Anthropocene poses challenging questions to literary and cultural studies If in the Anthropocene the distinction between nature and culture increasingly collapses we have to rethink our division between historiography and natural history as well as notions of the subject and of agency since the Enlightenment This anthology collects papers from literary and cultural studies that address various issues surrounding the topic Even though the new epoch seems to require a collective self understanding as a unified species readings of the Anthropocene and conceptualizations of human nature relationships largely differ in Anglophone literatures and cultures These differing perspectives are reflected in the structure of this book which is divided into five separate sections the introductory part familiarizes the reader with the concept and the challenges it poses for the humanities in general and for literary and cultural studies in particular and the three following sections combine broader more theoretical essays with in depth critical readings of US Canadian and Australian representations of the Anthropocene in literature The final part moves beyond literature to include media theoretical perspectives and discussions of photography and cinema in the Anthropocene **Apocalyptic Visions in the Anthropocene and the Rise of Climate Fiction** Kübra Baysal, 2021-08-10 With the increasing interest of pop culture and academia towards environmental issues which has simultaneously given rise to fiction and artworks dealing with interdisciplinary issues climate change is an undeniable reality of our time In accordance with the severe environmental degradation and health crises today including the COVID 19 pandemic human beings are awakening to this reality through climate fiction cli fi which depicts ways to deal with the anthropogenic transformations on Earth through apocalyptic worlds as displayed in works of literature media and art Appealing to a wide range of readers from NGOs to students this book fills a gap in the fields of literature media and art and sheds light on the inevitable interconnection of humankind with the nonhuman environment through effective descriptions of associable conditions in the works of climate fiction **Teaching Ecocriticism and Green Cultural Studies** G. Garrard, 2016-01-12 Ecocriticism is one of the most vibrant fields of cultural study today and environmental issues are controversial and topical This volume captures the excitement of green reading reflects on its

relationship to the modern academy and provides practical guidance for dealing with global scale interdisciplinarity apathy and scepticism

International Perspectives in Feminist Ecocriticism Greta Gaard, Simon C. Estok, Serpil Oppermann, 2013-06-07 Exploring environmental literature from a feminist perspective this volume presents a diversity of feminist ecocritical approaches to affirm the continuing contributions relevance and necessity of a feminist perspective in environmental literature culture and science Feminist ecocriticism has a substantial history with roots in second and third wave feminist literary criticism women s environmental writing and social change activisms and eco cultural critique and yet both feminist and ecofeminist literary perspectives have been marginalized The essays in this collection build on the belief that the repertoire of violence conceptual and literal toward nature and women comprising our daily lives must become central to our ecocritical discussions and that basic literacy in theories about ethics are fundamental to these discussions The book offers an international collection of scholarship that includes ecocritical theory literary criticism and ecocultural analyses bringing a diversity of perspectives in terms of gender sexuality and race Reconnecting with the histories of feminist and ecofeminist literary criticism and utilizing new developments in postcolonial ecocriticism animal studies queer theory feminist and gender studies cross cultural and international ecocriticism this timely volume develops a continuing and international feminist ecocritical perspective on literature language and culture

Postcolonial Literatures of Climate Change , 2022-07-04 Postcolonial Literatures of Climate Change investigates the evolving nature of postcolonial literary criticism in response to global regional and local environmental transformations brought about by climate change It builds upon and extends previous studies in postcolonial ecocriticism to demonstrate how the growing awareness of human caused global warming has begun to permeate literary consciousness praxis and analysis The breadth of the volume s coverage the diversity of its focal locations cultures genres and texts serves as a salient reminder that while climate change is global its impacts vary effecting peoples from place to place unequally and often in accordance with their particular historical experience of colonialism and neo colonialism as well as their ongoing marginalisations Demonstrating the urgency of invoking novel epistemological approaches combining the scientific and the imaginative this book is a must read for those concerned about the present and potential impacts of climate

change on formerly colonised areas of the world The comprehensive and illuminating Introduction offers a crucial history and current state of postcolonial ecocriticism as it has been and is addressing climate crises Helen Tiffin University of Wollongong The broad focus on the polar regions the Pacific and the Caribbean with added essays on environmental justice activism in India and Egypt opens up rich terrain for examination under the rubric of postcolonial and ecocritical analysis not only expanding recent studies in this field but also enabling new comparisons and conceptual linkages Helen Gilbert Royal Holloway University of London The subject is topical and vital and will become even more so as the problem of how to reconcile the demands of climate change with the effects on regions and individual nations already damaged by the economic effects of colonisation and the subsequent inequalities resulting from neo colonialism continues to grow Gareth Griffiths Em Prof University of Western Australia Local Natures, Global Responsibilities Laurenz Volkmann,2010 Laurenz Volkmann is Professor of EFL Teaching at Friedrich Schiller University Jena where Nancy Grimm and Katrin Thomson also teach Ines Detmers is a lecturer in English literature at the Technical University of Chemnitz Book Jacket **Sustaining the West** Liza Piper,Lisa Szabo-Jones,2015-04-06 Western Canada s natural environment faces intensifying threats from industrialization in agriculture and resource development social and cultural complicity in these destructive practices and most recently the negative effects of global climate change The complex nature of the problems being addressed calls for productive interdisciplinary solutions In this book arts and humanities scholars and literary and visual artists tackle these pressing environmental issues in provocative and transformative ways Their commitment to environmental causes emerges through the fields of environmental history environmental and ecocriticism ecofeminism ecoart ecopoetry and environmental journalism This indispensable and timely resource constitutes a sustained cross pollinating conversation across the environmental humanities about forms of representation and activism that enable ecological knowledge and ethical action on behalf of Western Canadian environments yet have global reach Among the developments in the contributors construction of environmental knowledge are a focus on the power of sentiment in linking people to the fate of nature and the need to decolonize social and environmental relations and assumptions in the West Postcolonial Ecocriticism and the Cultural Politics of Nature in Belize Megan Ann Casey,2007 **Symbolism** Florian Klaeger,Klaus Stierstorfer,Marlena Tronicke,2022-10-03 Special Focus Omission edited by Patrick Gill Throughout literary history and in many cultures we encounter an astute use of conspicuous absences to conjure an imagined reality into a recipient s mind The term omission as used in the present study then demarcates a common artistic phenomenon a silence blank or absence introduced against the recipient s generic or experiential expectations but which nonetheless frequently encapsulates the tenor of the work as a whole Such omissions can be employed for their affective potential when emotions represented or evoked by the text are deemed to be beyond words They can be employed to raise epistemological questions as when an omission marks the limits of what can be known Ethical questions can also be approached by means of omissions as when a character s voice is omitted

for instance Finally omission always carries within it the potential to reflect on the media and genres on which it is brought to bear as its efficacy depends on the recipient's generic expectations omission is frequently characterized by a high degree of meta-discursiveness This volume investigates the various strategies with which the phenomenon of omission is employed across a range of textual forms and in different cultures to conclusively argue for its status as a highly effective and near-universal form of artistic signification
