Gradually, a series of interconnected steps takes you from simple to more challenging concepts at your own pace, with a variety of increasingly difficult exercises to practice what you've learned. After working through these exercises, you'll have a better grasp of the subject along with the knowledge and skills you need to master grammar with confidence. Easy English Grammar Step by Step features a unique building block approach to mastering grammar: Down-to-earth explanations of important concepts; Helpful notes to avoid common missteps; Exercises to help test what you've learned and measure progress.

Whether you write simple business emails or complicated academic papers, and whether you are a professional or a student, using the correct grammar will give you a competitive edge because it helps you get your message across more clearly and shows that you pay attention to detail. This book offers you a basic introduction to the grammar rules of English. This book focuses on the different parts of speech and shows you how to use English correctly. It is structured in the form of lessons, each ending with at least one short exercise to help you check your understanding of what you've learned in that lesson. At the end of the book, you'll find longer exercises mixing everything together. You can use this book not only to learn English grammar but also as a basic reference guide when you are unsure of how to structure a sentence and which words to use.
