*Arming Against Hitler* Eugenia C. Kiesling, 1996 In May June 1940 the Germans demolished the French Army inflicting more than 300 000 French casualties including more than 120 000 dead While many historians have focused on Frances failure to avoid this catastrophe Eugenia Kiesling is the first to show why the French had good reason to trust that their prewar defense policies military doctrine and combat forces would preserve the nation

**Public Policy** Michael Mintrom, 2019 Public Policy Investing for a Better Future offers students a contemporary introduction to public policy covering all the major theories approaches and substantive policy areas with three key distinguishing elements First the book includes a chapter on global public policy the first and only book to do this and the theories and concepts introduced there are integrated throughout the book Second the chapters that introduce a substantive policy area are organized in a consistent fashion providing students with an analytical framework that they can extend to policy issues not introduced in text Finally Mintrom s investment perspective provides more conceptual coherence than other books on the market The goal of integrating this perspective is two fold On the one hand it reflects reality In the wake of the global financial crisis budgets are tight and every dollar spent must promote meaningful results in the lives of citizens On the other hand it is pedagogically useful The investment perspective unifies each discussion
