Preparing Agriculture and Agriscience Educators for the Classroom Thoron, Andrew C.,Barrick, R.

Kirby,2022-06-24 The preparation of school based agriculture teachers has been a part of public education for over 100 years However there is a lack of texts available that address the components of teacher education in agriculture including teacher preparation and related activities Further study that goes beyond concepts to include practice and applications is required in order to further develop educators in this sector Preparing Agriculture and Agriscience Educators for the Classroom provides an up to date consideration of the best practices for developing and enhancing a complete teacher preparation program and highlights and showcases concepts and applications It is a mainstay for teacher education and teacher preparation in agriculture and is applicable anywhere in the world where teaching agriculture exists Covering a range of topics such as field experiences and student learning this reference work is ideal for researchers scholars practitioners academicians

James R. Stone III,Morgan V. Lewis,2015-04-17 More than half of 9th graders in the United States will never complete a college degree High schools must do more than prepare some students for college They must prepare all American youth for productive lives as well as continued learning beyond high school In this timely volume two educational leaders advocate for a more meaningful high school experience To accomplish this the authors argue that we need to change the focus of our current high school reform efforts from college for all to careers for all This work shows how schools can prepare young people both for the emerging workplace and postsecondary education Catalog Florida International University,1992
