Introduction to Personal Finance John E. Grable,Lance Palmer,2021-12 A unique aspect of Introduction to Personal Finance is its pedagogical framework Rather than force students to wade through page after page of densely written material that must fit within a limited number of chapters this text offers fewer chapters with more topics The point of a topicbased text is to make financial literacy topics fun to learn easy to read and quick to digest Each chapter and topic has been updated and examined for clarity and inclusivity and revised as needed to reflect the most recent data available at time of publication Your interaction with and use of money is a lifetime journey This text will help prepare you to successfully navigate the financial decisions in your life We will provide you with the tools both conceptual and functional that will enhance your financial literacy and capabilities What do we mean by financial literacy Some have described financial literacy as financial education or being financially knowledgeable Some think financial literacy is the same as having a background in economics Others define financial literacy as being a streetwise consumer

De Gruyter Handbook of Personal Finance John E. Grable,Swarn Chatterjee,2022-03-07 The De Gruyter Handbook of Personal Finance provides a robust review of the core topics comprising personal finance including the primary models approaches and methodologies being used to study particular topics that comprise the field of personal finance today The contributors include many of the world s leading personal finance researchers financial service professionals thought leaders and leading contemporary figures conducting research in this area whose work has shaped and continues to affect the way that personal finance is conceptualized and practiced The first section of the handbook provides a broad introduction to the discipline of personal finance The following two sections are organized around the core elements of personal finance research and practice saving investing asset management and financial security The fourth section introduces future research practice and policy directions The handbook concludes with a discussion on an educational and research agenda for the future This handbook will be a core reference work for researchers financial service practitioners educators and policymakers and an excellent supplementary source of readings for those teaching undergraduate and graduate level courses in personal finance financial planning consumer studies and household finance

Economics for Middle School Manju Agarwal,2022-07-04 This book discusses the importance of teaching fundamental economic concepts as part of the middle school social science curriculum in India It examines the status of economics in Indian schools and the issues faced in teaching it at the middle school level and emphasizes the need for increasing the economic literacy of students It offers valuable recommendations to curriculum planners and educators to help them bolster economics education in Indian schools

The author presents an extensive curriculum framework with the intention of developing intellectual and social skills in students. The book also features classroom tested lessons, content guidelines, and a comprehensive teaching plan for grades 6, 7, and 8. A crucial contribution to the study of school education in India, this book will be of interest to teachers, students, and researchers of education, economics, education, and economics. It will also be useful for policy planners, professional economists, administrators, school boards, and research institutions.

PISA 2022 Results (Volume IV) How Financially Smart Are Students? OECD, 2024-06-27. This volume presents the financial literacy results of the OECD Programme for International Student Assessment (PISA) 2022 and examines 15-year-old students' understanding of money matters in 20 countries and economies. It explores the links between their financial literacy and their competencies in mathematics and reading, and differences across socio-demographic groups. It also offers an overview of their experiences with money, their financial behaviour, and attitudes, and their exposure to financial literacy at home and in school.

The issue of providing appropriate financial security for retirement is of growing importance for both OECD member and non-member countries, and the approaches adopted to implement the necessary reforms vary depending on each country's economic, social, and demographic environment. Increasingly, however, reform programmes involve the establishment or extension of private pension arrangements. This book contains a selection of papers presented at a meeting in April 2001 of the International Network of Pension Regulators and Supervisors (INPRS) and the OECD to discuss the key policy implications arising from the growth of private pension schemes.
