1. Read the following text:

Dinosaurs lived millions of years ago and were some of the biggest animals ever to walk the Earth. They came in all shapes and sizes, from the towering T-Rex to the tiny Velociraptor.

You will create three different versions of this paragraph to fit three different audiences:

- **kindergarten class:** Make the paragraph simple and easy to understand. Use basic words and short sentences.
- **teens/high school students:** To engage the older group, use more detailed descriptions and slightly more complex vocabulary.
- **university professors:** Include scientific terms and more detailed information to match the audience's knowledge and interest level.
