## **Corporate Financial Reporting A Global Perspective:**

*Corporate Financial Reporting and Analysis* S. David Young, Jacob Cohen, Daniel A. Bens, 2018-11-28 Corporate Financial Reporting Analysis combines comprehensive coverage and a rigorous approach to modern financial reporting with a readable and accessible style Merging traditional principles of corporate finance and accepted reporting practices with current models enable the reader to develop essential interpretation and analysis skills while the emphasis on real world practicality and methodology provides seamless coverage of both GAAP and IFRS requirements for enhanced global relevance Two decades of classroom testing among INSEAD MBA students has honed this text to provide the clearest most comprehensive model for financial statement interpretation and analysis a concise logically organized pedagogical framework includes problems discussion questions and real world case studies that illustrate applications and current practices and in depth examination of key topics clarifies complex concepts and builds professional intuition With insightful coverage of revenue recognition inventory accounting receivables long term assets M A income taxes and other principle topics this book provides both education and ongoing reference for MBA students

*Corporate Financial Reporting* Hervé Stolowy, Michel Lebas, 2002 Financial Accounting and Reporting courses today need to recognize both the diversity of national traditions and the trend towards accounting harmonization The profile of students in Financial Accounting courses in European and international business programs is changing Student bodies are now real melting pots of cultures English has become the lingua franca of business for most MBA and many undergraduate students More and more business programs are taught in part or completely in International English Students today need to be trained to appreciate understand and analyze a variety of Accounting and Reporting problems from a theoretical and pragmatic point of view rather than just memorize the local regulatory solution prescribed in one given country or context Corporate Financial Reporting A Global Perspective provides an introduction to financial accounting for today s international business student It provides a user perspective Financial Accounting and Reporting is a universal knowledge base required from all students intending to become economic actors Whether they will use accounting and financial information as internal managers or executives or as external users investors credit analysts etc they will need to interpret accounting data Rather than providing a regulatory solution to a reporting or measurement issue Corporate Financial Reporting examines the economic logic of the problem and identifies generic possible solutions and shows the impact each might have on a company s or decision maker s decisions Rather than adopting a national approach to accounting issues Corporate Financial Reporting offers an international perspective guiding students through IAS US GAAP and different local standards where they provide an interesting and relevant lesson
