*Train at Home to Work at Home* Michelle McGarry, 2003-07 Begin a Work at Home Career with the Training and Education You Need Train at Home to Work at Home This unique guide provides comprehensive resources on more than 200 distance learning programs that can teach you 27 of the most popular and profitable work at home careers Distance learning programs have exploded in the last few years courses are now available online via e mail via teleclass through the mail on audiotape on videotape and even on CD ROM You can learn graphic design at UCLA professional writing at Washington State University life coaching at CoachU Web site design at Penn State financial planning at University of Alabama interior design at the Art Institute International medical transcription at the Health Professions Institute and many more Plus extensive resource lists organizations books and Web sites complete each section Full contact information tuition rates and course descriptions make comparisons and contrasts a breeze [Your Primal Body](#) Mikki Reilly, 2025-04-08 Your Primal Body is a book that will transform how you think about your body Not just another fitness weight loss book Your Primal Body shifts the paradigm for how to achieve a lean muscular vibrantly healthy body according to your genetic inheritance This is the same body your Stone Age ancestors had expressed through the human genome that evolved over a period of 2.6 million years It's the body you too can have when you learn how to follow ancestral dietary and activity habits in your 21st century life Scientists studying the remains of early humans tell us how our ancestors were in far better shape than we modern humans their bodies free of disease and painful conditions Natural adaptation and selection occurred over millions of years when they lived in caves hunted wild game and foraged for plants and berries to survive a way of life very different than ours today But one thing has not changed our DNA The human genome has evolved so slowly that our genetic blueprint is almost exactly what it was 40,000 years ago when our ancestors still hunted and gathered their food Lifestyles may have changed but our modern bodies are no different in their basic DNA a startling fact that revolutionizes how we think about and approach diet and exercise The thesis of Your Primal Body is that we modern humans can follow the diet and activity patterns of our Paleolithic hunter gatherer ancestors for optimal health and weight loss When you do eat and move as they did you are healthier more muscular leaner and pain free when you don't you run into trouble The diseases of civilization heart disease diabetes cancer obesity arthritis to name a few are all linked by researchers who study health and longevity to sedentary lifestyles and eating habits Eating highly processed food and performing minimal activity you become susceptible to the health problems that plague our modern society none of which our ancestors had In this book you will read the argument for switching to a more primal way of life and how it is scientifically valid based in the latest research done by exercise physiologists evolutionary fitness theorists and scientists in university laboratories Your Primal Body goes beyond theory and science to give you a practical plan for implementing primal fitness into your modern lifestyle In Mikki Reilly's 5 Step Primal Body Program central to the book she shares her 20 years of experience in training people from all walks of life about how to

lose weight become fit stay healthy and condition their body for athletics Reilly's clients span a range of ages from 18 to 74 and the book includes their inspiring stories along with their before and after pictures placed throughout the text to illustrate the book's points and instructions Their stories are not fictional composites but actual words of people who got the results they wanted from going primal telling exactly how they did it The Primal Body approach is not a quick fix but a complete overhaul in habits that have been stopping people from taking advantage of their natural inheritance a fit and healthy body for life

*Analyzing Sports Drinks* Nina Anderson, 2002 This book offers a brief comprehensible examination of sports drinks Are they all they claim to be Do you really need high sugar high calorie energy drinks Are all the ingredients in sports drinks good for you

*Low Carb and Beyond* Nina Anderson, Howard Peiper, 2004 Low carb is still a popular trend among people who are trying to lose weight Most of the low carb diet books you read focus on eliminating foods Low Carb and Beyond talks about keeping the body in balance while you restrict your high glycemic carbohydrates This approach gives you a better all around method to health and weight loss and should be part of every low carb lifestyle Just reducing your intake of carbohydrates and bulking up on protein will not assure permanent weight loss or good health Carbohydrates are a necessary part of any healthy diet and this book will help you choose which ones can support a healthy body
