Who Was David Weiser:

Who was David Weiser? Paweł Huelle,1991 During the hot Polish summer of 1957 strange things began to happen The fish died and stewed fetidly in the bay there was a drought and a comet The priest said they were signs from God but the children believed that these happenings were connected to the mysterious David Wieser **Who Was David Weiser?** Paweł Huelle,1994-02-01 In Gdansk three boys and a girl fall under the spell of a mysterious classmate David Weiser Weiser and the girl vanish leaving the three other boys to explain to the authorities Tender beautifully written and puzzling New York Times Book Review Translated by Michael Kandel A Helen and Kurt Wolff Book Harvest in Translation series **The Boy Who Wanted to Rock** David Weiser,2021-02-06 The idea for the book came about while I was working abroad on a theater show with a fair bit of downtime Before leaving I had been helping our son Arlen as he made first contact with a few instruments keyboards and synthesizers guitar and a variety of tuned percussion instruments It did not always go well His intense love of music was matched by an equally intense desire for immediate results This combination often led to a considerable amount of frustration To help Arlen cope with this frustration I decided to write a short rhyming story that would be similar in many ways to those found in his favorite picture books My initial vision was for the book to encourage practice and sticktoitiveness enshrining the many virtues of delayed gratification Mercifully I came to my senses and abandoned that idea as utter nonsense It dawned on me that our boy's innocence and earnestness fueled a kind of rock power that unnamed spark of creative joy that many of us in the music industry have chased in practice spaces and recording studios for decades It's the very thing that makes a kid a kid Our five year old boy is Thoreau's childlike mirthfulness come to life He dances like there's no one watching he doesn't know any other way He sings with abandon and sometimes he roars In the end I thought that if he learns something from the book wonderful but above all else I wanted this book to help ensure that he never forgets how to roar *The Pennsylvania-German*, 1907 Devoted to the history biography genealogy poetry folk lore and general interests of the Pennsylvania Germans and their descendants *The Penn Germania ...* Philip Columbus Croll, Henry Addison Schuler, Howard Wiegner Kriebel, 1908 **The Columbia Guide to the Literatures of Eastern Europe Since 1945** Harold B. Representing and (De)Constructing Borderlands Weronika Łaszkiwicz,Grzegorz Moroz,Jacek Partyka,2016-02-08 This volume stems from the assumption that broadly understood borderlands as well as peripheries provinces or uttermost ends of different kinds are abodes of significant culture generating forces From the academic point of view their undeniable appeal lies in the fact that they constitute spaces of mutual interactions and enable new cultural phenomena to surface grow or decline and as such are worth thorough and constant scrutiny However they also provide the setting for radical clashes between ideologies languages religions customs and as the media report every single day armies or guerrilla units Living within such areas of creative dynamics and destructive friction or visiting them even vicariously as the contributors to the volume do is tantamount to exposing oneself to a difference One s response to this difference either in the form of rejection or more preferably acceptance or a mixture of both is not merely an index of one s tolerance a platitudinised term itself that all too often hides an attitude of comfortable indifference but an affirmation of humaneness Borderlands are paradoxical if not aporetic loci They simultaneously connote territories on either side of a border in a literal sense and a vague intermediate state or region in a metaphorical sense Encapsulating the idea of border the term indicates both inescapable nearness and unavoidable or perhaps unbridgeable separateness The studies included in the volume focus on various aspects of borderland art and literature on analyses of selected works and on the peculiarities of cultural and literary representations Thus the borderland landscape both literal and metaphorical comes to be seen as a factor contributing to the emergence of new distinct and identifiable themes and motifs as well as theoretical frameworks
