writing requirement is a time honored tradition in almost every college and university in the United States Many high school students seek to fulfill this requirement before entering college through a variety of programs such as Advanced Placement tests concurrent enrollment programs the International Baccalaureate diploma and early college high schools The growth of these programs raises a number of questions including Is this kind of outsourcing of instruction to noncollege providers of educational services something to be resisted or embraced What are the possible benefits and detriments to students their parents their teachers and the educational institutions What standards should be met with respect to student readiness teacher preparation curricular content pedagogical strategies and learning outcomes How can we create a seamless K 14 educational system that effectively teaches writing to students in the transition from adolescence to adulthood Contributors to this volume including high school teachers professors at community colleges and universities and administrators at both the secondary and postsecondary levels explore the complexity of these issues offer best practices and pitfalls of such a system establish benchmarks for success and lay out possible outcomes for a new educational landscape

In the Best Interest of Students Kelly Gallagher, 2015 What is in the best interest of our students Is it teaching to the newest standards movement like the Common Core Teaching that prepares students to take a test Or is it something more meaningful and authentic In his new book *In the Best Interest of Students* Kelly Gallagher notes that there are real strengths in the Common Core standards and there are significant weaknesses as well He takes the long view reminding us that standards come and go but what remains constant is the need to stay true to what we know works in the teaching of reading writing speaking and listening Instead of blindly adhering to the latest standards movement Kelly advocates Dialing up the amount of reading and writing students are doing Balancing rigorous high quality literature and non fiction with high interest student selected titles Giving students much more choice when it comes to reading and writing activities Encouraging readers to deepen their comprehension by moving beyond the four corners of the text Using modeling to enrich students writing skills in the prewriting drafting and revision stages Helping young writers to achieve more authenticity through the blending of genres Resisting the de emphasis of narrative and imaginative reading and writing Providing students with more opportunities to sharpen their listening and speaking skills Planning lessons that move beyond Common Core expectations In this provocative and insightful new book Kelly surveys the teaching landscape since the publication of his highly regarded book *Readicide* and finds that although some progress has been made more needs to be done Amid the frenzy of trying to teach to a new set of standards Kelly Gallagher is a strong voice of reason reminding us that instruction should be anchored around one guiding question What is in the best interest of our students
