

WATERGARDEN

Watergardens are a type of garden that are designed to be both functional and aesthetically pleasing. They are typically located in urban areas and are designed to provide a green space for residents to enjoy. Watergardens are often designed to be self-sustaining and to provide a habitat for local wildlife. They are also designed to be a source of water for the surrounding area. Watergardens are a great way to improve the quality of the environment and to provide a green space for residents to enjoy.
