Design Guidelines

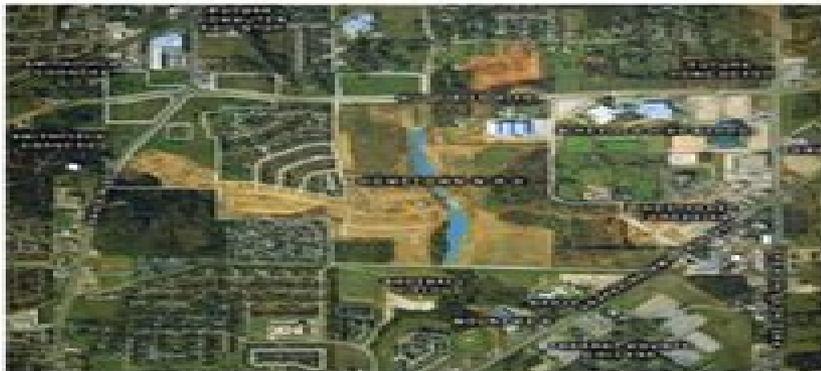

General

Home Town H202 is about the quality of modern life. It is about smart innovation and not just the opportunity to walk down safe and attractive streets, to live, work and play within the community.

The urban form of Home Town takes its cues from the small town of downtown Fort Collins. The amenities required to build a world class office, retail, residential, and community spaces, streets, sidewalks and boulevards along these streets is our goal.

There are also benefits to streets, plants of parking, and other structural uses.

Large urban buildings provide space to create great restaurants, bars, cafes, and shops on the streets, making the downtown the center of activity, gathering, and community. The heart of downtown Fort Collins and its surrounding communities. Together, Home Town is the heart of both worlds.
