been nearly a decade since the market value of mammalian cell derived protein therapeutics surpassed that of those produced from E coli A common characteristic of recent antibody products is the relatively large dose required for effective therapy demanding larger quantities for the treatment of a given disease This coupled with the broadening repertoire of protein drugs has rapidly expanded the quantity needed for clinical applications The increasing demand for protein therapeutics has not been met exclusively by construction of new manufacturing plants and increasing total volume capacity More portantly the productivity of cell culture processes has been driven upward by an order of magnitude in the past decade *Anticancer Research* ,1981 *Proceedings of the Indian National Science Academy* Indian National Science Academy,1970 *Proceedings* Indian National Science Academy,2004 **Microbiology Abstracts** ,1991 *Centrifugal Separations in Biotechnology* Wallace Woon-Fong Leung,2007-08-16 This book is the first devoted to centrifugal separation in biotechnology It is of value to professionals in the chemical bioprocess and biotech sectors and all those concerned with bioseparation bioprocessing unit operations and process engineering Key topics covered include a full introduction to centrifugation sedimentation and separation detailed coverage of centrifuge types including batch and semi batch centrifuges disk stack and tubular decanter centrifuges methods for increasing solids concentration laboratory and pilot testing of centrifuges selection and sizing centrifuges scale up of equipment performance prediction and analysis of test results using numerical simulation A comprehensive guide to centrifuges their optimal development and operation in the biotechnology industry Applications for the separation of proteins DNA mitochondria ribosomes lysosomes and other cellular elements Provides detailed process information and data to assist in the development of particular processes from existing systems Explores the commercial applications of centrifuges in biotechnology Guidance on troubleshooting and optimizing centrifuges *Genetic Engineering & Biotechnology News* ,2008 *Theoretical Chemical Engineering Abstracts* ,1984 *Quality in Aquaculture* N.
