Hellenistic Astrology Chris Brennan,2017-02-10

Hellenistic astrology is a tradition of horoscopic astrology that was practiced in the Mediterranean region from approximately the first century BCE until the seventh century CE It is the source of many of the modern traditions of astrology that still flourish around the world today although it is only recently that many of the surviving texts of this tradition have become available again for astrologers to study

Hellenistic Astrology The Study of Fate and Fortune is one of the first comprehensive surveys of this tradition in modern times The book covers the history philosophy and techniques of ancient astrology with a special focus on demonstrating how many of the fundamental concepts underlying the practice of western astrology originated during the Hellenistic period

Chinese Mathematical Astrology Ho Peng Yoke,2004-03-01

Though there are a number of well written works on Chinese divination there are none that deal with the three sophisticated devices that were employed by the Chinese Astronomical Bureau in the eleventh century and for hundreds of years thereafter Chinese experts applied the methods associated with these devices to both weather forecasting and to the interpretation of human affairs Hidden by a veil of secrecy these methods have always been relatively little known other than by their names The first work in any language to explore these three methods known as sanshi three cosmic boards this book sheds light on a topic which has been shrouded in mystery for centuries having been kept secret for many years by the Chinese Astronomical Bureau
