Christ Consciousness Danielle Van Dijk, 2010-04 We live in a world characterized by intolerance war environmental degradation and economic collapse By contrast is it possible to build a society in which tolerance love and peace are the abiding principles In this positive and inspiring book van Dijk shows how beginning with our personal development we can contribute to such a new and transformed world She describes how we can develop a universal spiritual consciousness what she calls Christ Consciousness The author emphasizes that the Christian mysteries took place on the physical plane distinguishing with great clarity between Jesus as a human being the incarnation of Christ on Earth and the Cosmic Christ She builds bridges between the spiritual research of Rudolf Steiner the Nag Hammadi writings and the gospels of Mary Magdalene and Judas culminating in a comprehensive and wide ranging picture of the Christ By gaining insight into the nature of Christ s being and undertaking practical exercises described here each of us can achieve the new Christ Consciousness In ancient times selected individuals underwent rites of initiation in secret mystery schools Any student who made public the knowledge obtained there was put to death In our time however the spiritual mysteries have become open and available to all Initiation van Dijk tells us involves walking the inner path to all embracing love which is known in Gnostic and esoteric lore as Christ the highest divine Being leading to sublime cosmic orientated consciousness that comes into existence when the higher self exists wholly within the individual human being

[Christ Consciousness You are Christ](#)
Penelope Stewart, 2018-03-06 Christ Consciousness is the consciousness or awareness of the self in and as the Christ the

attainment of a level of consciousness commensurate with that which was realized by Jesus Christ consciousness is the highest state of intellectual development and emotional maturity Christ consciousness is the state of awareness of our true nature our higher self and our birthright as children of God Christ consciousness has been known by various names in history such as Jainism Buddhism Hinduism and most Eastern mystical religions This path is open to anyone regardless of their religious tradition if and when he or she is open to become a living vessel of love and truth on the planet and actively strives to attain it

Jesus Speaking Gina Lake,2018-11-02 Jesus still exists and is and has always been available to those who are open to him In this channeled book Jesus speaks to us from another dimension to awaken Christ Consciousness within us Christ Consciousness refers to enlightenment or the realization of our oneness with all and our inherent divinity exemplified by Jesus Christ Jesus lived what he taught and he taught from a higher consciousness one free of ego Jesus was an example of what we all can be a model of what is possible for every human being and the messages in this book show us how we can become more Christ like and live as he did These messages are also intended to give you the experience of having a relationship with Jesus as he speaks to you as if you were sitting in his presence The channeled messages from Jesus which this book is based on were part of weekly online video meetings where Gina Lake and her husband who is also a nondual spiritual teacher give what they call Christ Consciousness energy transmissions The channeled messages from Jesus were given before the transmission to prepare teach and inspire those who are there to receive the transmission Many report feeling a transmission come through these channeled messages as well

The Christ Is Not a Person J.C. Tefft,2009-02-11 Why are we born For what purpose are we here The longer we remain unaware of what is taking place within us of what drives us and what can liberate us from the bonds of egocentric behavior the longer we allow what the Buddha called the sorrow of life to hold sway The sorrow of life is the sum and consequence of our total identification with the world that is created by self The word Consciousness means something more than what the mind of self thinks imagines or conceives Awareness in Pure Consciousness is an awareness that is other than self and beyond thought Contrary to traditional thinking the so called unseen unknown world is nothing more than Consciousness of which we are unaware Unawareness in Consciousness has been evolving into Awareness in Consciousness since before time began The author of this work comprehensively sets forth a meaning of ancient scripture that likely has not been advanced to you before He demystifies ancient legends and myths so the essential truth of ancient teachings shines through Using ancient scripture as a guide he insightfully explores a growing conscious awareness that has been emerging within mankind over the last few thousand years A must read for anyone looking to discover the deeper meaning of ancient scripture beyond a literal interpretation of the words

The Consciousness of Jesus (Classic Reprint) Horace Mellard du Bose,2016-10-07 Excerpt from The Consciousness of Jesus Christ that the evangel was uttered but rather that men should receive Christ and live into his conscious being as he in the house of his humanity lived into the conscious life of the Father A too great exhibit of the detail

of the earthly walk of Jesus would have defeated the exclusive ends of that which was written that reading we might believe and that believing we might be saved A strictly scientific study of the consciousness of Jesus would fall short of the ends at which we aim Every thoughtful student of modern day theological literature has noted the too frequent absence of both the spirit and the letter Of subjective inquiry from the methods of criticism The critics have contented themselves with examining the aspects of the Old and New Testament Scriptures rather than looking deeply into the spirit and purpose of their writers Stress is laid upon his torical accidents textual peculiarities and difficulties rather than upon the tremendous facts symbolized by and latent in the writings whose peculiarities and difficulties are About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Path of the Soul Al Florey, 2018-09-29 Path of the Soul is an inspiring story of the spiritual unfoldment of Jesus as a man a soul and a spirit In vivid detail it reveals how Jesus was able to experience God as love perform miracles attain Christ consciousness and ascend into the realm of pure light wisdom and love Before Jesus became the way shower and messenger for the teachings of the Piscean Age He was first and foremost a seeker of truth Path of the Soul is a story of encouragement for all who are on a quest for universal truth and wisdom It reveals how people progress from step to step and from one initiation to a higher initiation regardless of their religion nationality ethnicity or gender In great detail it explains how people can use the energies and forces streaming through the seven planes of earth to unfold develop and master successively higher states of mind and realization You too can attain Christ Consciousness or buddhic Enlightenment For you are a god in the making with the potential to attain perfection and the inherent ability to serve as an agent of divine love will and purpose This is the message of the way shower during these early days of the Age of Aquarius

How Did Jesus Know He Was God? William Chami, 2020-04-02 The self consciousness and human knowledge of Christ is a contemporary christological issue which seeks to understand the awareness that the God man Jesus Christ possessed of himself during his life on earth The present question primarily concerns itself with exploring how the Son knows that he is the Son in his human mind Traditionally this question has been asked and answered that through the beatific vision the Son knew himself as divine in his human mind However recent theories advanced by scholars seem to preclude any notion of beatific knowledge in the Incarnate Son This book explores the perspectives of three main authors Jacques Maritain Karl Rahner and Thomas Weinandy in relation to the present question and attempts to provide an answer for how the Incarnate Son apprehended his divine identity through his human operations Considered also is the scope of Christ's human knowledge with regard to two specific objects of knowledge

These concern whether the Son as man had an awareness of those for whom he gave his life Gal 2 20 and whether the Son was really ignorant of the eschatological final day and hour Mark 13 32 Matt 24 36
