Django Unleashed:

Django Unleashed Andrew Pinkham, 2015-11-23 Django is an amazingly powerful system for creating modern dynamic websites. But programming Django hasn't always been easy, until now. Django Unleashed is your step-by-step, beginner-friendly guide to leveraging Django's core capabilities and its powerful contributed library. You'll learn in the most effective way possible, hands-on, by building a fully functional Django website from scratch. You'll even deploy the website to the cloud. As you build your website, expert Django consultant and trainer Andrew Pinkham reveals how websites operate, how Django makes building websites easy, how to write Python code that leverages its immense capabilities, and how to build solutions that are robust, reliable, and secure. You'll start simply and learn to solve increasingly challenging problems, mastering new features and understanding how Django's architecture shapes their behavior, and gaining essential knowledge for working with any web framework, not just Django.

Quality of Information and Communications Technology Martin Shepperd, Fernando Brito e Abreu, Alberto Rodrigues da Silva, Ricardo Pérez-Castillo, 2020-08-31 This book constitutes the refereed proceedings of the 13th International Conference on the Quality of Information and Communications Technology QUATIC 2020 held in Faro, Portugal, in September 2020. The 27 full papers and 12 short papers were carefully reviewed and selected from 81 submissions. The papers are organized in topical sections: quality aspects in machine learning, AI, and data analytics; evidence-based software quality engineering; human and artificial intelligences for software evolution process modeling; improvement and assessment software quality; education and training; quality aspects in quantum computing; safety; security and privacy; ICT verification and validation; RE, MDD, and agile. The conference was held virtually due to the COVID-19 pandemic.

Writing 30 Carljoe Javier, 2013-01-08 In his first essay, Carl states the intent of the book: to capture what I believe in at the moment and reflect the concerns and ideas that I am trying to deal with, work through, and reconcile at this point in my life. With an overabundance of creative surplus, he poured himself into the work. As with some of his other work, Carl gave himself a constraint: since the book would be called *Writing 30* and would be reflections of one who was turning thirty, why not write it all in thirty days? And so he did. The essays, however, are not just about him indulging in nostalgia and working through his demons; Carl mirrors and exemplifies issues of people going through emerging adulthood and sets a roadmap for those navigating the search for identity and sense of possibility. From the Introduction by Honey de Peralta.

Allegories of the End of Capitalism Milo Sweedler, 2020-01-31 In *Allegories of the End of Capitalism*, Milo Sweedler deconstructs the events of films *Melancholia*, *Cosmopolis*, *Suffragette*, *Django Unchained*, *Elysium*, and *Snowpiercer*; the socio-political contexts they arise from and enter into; and their impact on contemporary culture and life. He examines how filmmakers from six different countries across four continents give narrative and audio-visual form to the frustration and anger that burst into public view in 2011: the ongoing class war between the super-rich and the rest of the world's population, and the insurrection that it yet to come. *Esquire's World of Jazz*, 1975 *Down Beat*, 1976 The contemporary music
