In A Sunburned Country:

In a Sunburned Country Bill Bryson, 2012-05-15 Deliciously funny fact filled and adventurous In a Sunburned Country takes us on a grand tour of Australia It s a place where interesting things happen all the time from a Prime Minister lost yes lost while swimming at sea to Japanese cult members who may entirely unnoticed have set off an atomic bomb on their 500 000 acre property in the great western desert Australia is the only island that is also a continent and the only continent that is also a country Its aboriginal people a remote and mysterious race with a tragic history have made it their home for millennia And despite the fact that it is the most desiccated infertile and climatically aggressive of all inhabited continents it teems with life In fact Australia has more things that can kill you in extremely nasty ways than anywhere else sharks crocodiles the planet s ten most deadly poisonous snakes fluffy yet toxic caterpillars sea shells that actually attack you and the unbelievable box jellyfish don t ask The dangerous riptides of the sea and the sun baked wastes of the outback both lie in wait for the unwary Australia is an immense and fortunate land and it has found in Bill Bryson its perfect guide In a Sunburned Country offers the best of all possible introductions to what may well be the best of all possible nations Even with those jellyfish

Down Under, Or, In a Sunburned Country Bill Bryson, [Bill Bryson in a Sunburned Country](#) Bill BRYSON, 2000 *Down Under* Bill Bryson, 2000 Bill Bryson recounts his escapades in Australia the only island that is also a continent and the only continent that is also a country *Quicklet on Bill Bryson's In a Sunburned Country (CliffNotes-like Summary)* Ben Mitchell Lewis, 2012-02-24 ABOUT THE BOOK This is a country that loses a prime minister and that is so vast and empty that a band of amateur enthusiasts could conceivably set off the world s first non governmental atomic bomb on its mainland almost four years would pass before anyone noticed Clearly this is a place worth getting to know In a Sunburned Country is Bill Bryson s seventh book on travel Published just five years after his much celebrated travelogue of Great Britain Notes from a Small Island the book takes on a much bigger topic Australia The book was published just before the 2000 Olympic Games in Sydney and some later editions have an appendix chronicling Bryson s time spent as a spectator Yet the focus of the book is on Bryson s several trips to the massive island over the course of a year Bryson finds himself hopping back and forth between various points in Australia his home in New England and a few other international locales He never strays for long though and much of the book is spent in the car and at dozens of hotels pubs and attractions along Australia s 23 000 mile coastline EXCERPT FROM THE BOOK Next we meet Alan Howe an old friend from London Along with his wife Carmel Howe takes Bryson on several adventures to natural wonders many of which are quite near his vacation home in the hills After journeying with Howe for a few days Bryson again strikes out on his own and heads north towards Brisbane In the midst of his travels he digresses into a chapter about Australia s native people the Aborigines The history is unbelievable The Aborigines are an incredibly ancient tribe who still astound scientists today After a short time walking the beaches of the Gold Coast and extolling the history of the area Bryson departs returns home for a time then returns for the final leg of his

trip In part three Around the Edges Bryson careens towards the wilder parts of the country He is accompanied by Allan Sherwin a friend from London The most exciting leg of his journey begins as he travels to Great Barrier Reef and braves the sharks and waves native to the area Buy a copy to keep reading

 Australia is a difficult country to keep track of We rarely pay attention to them and this is strange considering they are a country that doesn't misbehave and is peaceful and good 2 Because we know so little about Australia it is a country that is worth getting to know It is the only country that began as a prison and the only one that is also a continent 3 Australia is a country full of strange and dangerous animals It is the home of the Great Barrier Reef and the largest monolith Ayers Rock It has more things that will kill you than anywhere else 4 Australia is a country full of life that is difficult to believe exists in such an inhospitable environment It is the driest flattest hottest most desiccated and climatically aggressive country Yet it teems with life in numbers uncounted

Fruhstuck Mit Kangurus Bill Bryson,2003 Where do wombats fly through the air In this amusing and informative foray through the country downunder Australia's Bill Bryson tells us of the history of intriguing continent and he fascinates the reader with a tale both scurrilous and unusual Was ist das für ein Land in dem sich fliegende Fische tummeln und Schweinefüße nasenbeuteln einst ihr Unwesen trieben In seinem ebenso amüsanten wie informativen Streifzug durch ein unbekanntes Australien erzählt Bill Bryson von den historischen Hintergründen der Entdeckung dieses faszinierenden Kontinents und hilft den Leser mit seinem scharfen Blick für alles Skurrile und Ungewöhnliche in Atem
