The Graduate Charles Webb:

The Graduate Charles Webb, 2014-01-09 The novel about an aimless young man in 1960s America that inspired the classic film Moves with the speed and drive of a runaway locomotive Chicago Sunday Review When Benjamin Braddock graduates from a small eastern college and comes home to his parents house everyone wants to know what he s going to do with his life Benjamin has no idea Feeling empty embittered and adrift he stumbles into an affair with Mrs Robinson the wife of his father s business partner But then he falls in love with a woman closer to his own age Mrs Robinson s daughter A scathingly entertaining tale of idealism and materialism corruption and conformity The Graduate is both a darkly comic love triangle tale and a sharp look at postwar suburbia He contrives some ludicrously funny situations and he keeps his story racing The New York Times Book Review His novel makes you want to laugh and it makes you want to cry The Plain Dealer

Charles Webb, The graduate Louise Nübold,2000 [Appraising The Graduate](#) J.W. Whitehead,2014-01-10 The popular success in 1967 of The Graduate was immediate and total at the time only *Gone with the Wind* and *The Sound of Music* were bigger box office winners Yet such phenomenal success came at a price On the film s 40th anniversary director Mike Nichols claimed that The Graduate had been whipped away by a young audience hungry for countercultural documents This study the first monograph on The Graduate explores how popular and subsequent critical reception deflected a full understanding of the film s complex point of view which satirizes everything in its path especially Benjamin and Elaine its young heroes The text explores how the film offers not the happy ending some imagine but a corrosive and satirical vision of humanity Instructors considering this book for use in a course may request an examination copy here [Seduced by Mrs. Robinson](#) Beverly Gray,2017-11-07 An Amazon Best Book of the Month Gray writes smartly and insightfully The book as a whole offers a fascinating look at how this movie tells a timeless story The Washington Post Mrs Robinson you re trying to seduce me Aren t you When The Graduate premiered in December 1967 its filmmakers had only modest expectations for what seemed to be a small sexy art house comedy adapted from an obscure first novel by an eccentric twenty four year old There was little indication that this offbeat story a young man just out of college has an affair with one of his parents friends and then runs off with her daughter would turn out to be a monster hit with an extended run in theaters and seven Academy Award nominations The film catapulted an unknown actor Dustin Hoffman to stardom with a role that is now permanently engraved in our collective memory While turning the word plastics into shorthand for soulless work and a corporate consumer culture The Graduate sparked a national debate about what was starting to be called the generation gap Now in time for this iconic film s fiftieth birthday author Beverly Gray offers up a smart close reading of the film itself as well as vivid never before revealed details from behind the scenes of the production including all the drama and decision making of the cast and crew For movie buffs and pop culture fanatics *Seduced by Mrs Robinson* brings to light The Graduate s huge influence on the future of filmmaking And it explores how this unconventional movie rocked the late sixties world both reflecting and changing the era s views of sex work and marriage **LIFE** ,1968-11-29 LIFE Magazine is the treasured photographic
