Destructive Emotions Daniel Goleman, 2008-11-19 Why do seemingly rational intelligent people commit acts of cruelty and violence What are the root causes of destructive behavior How can we control the emotions that drive these impulses Can we learn to live at peace with ourselves and others Imagine sitting with the Dalai Lama in his private meeting room with a small group of world class scientists and philosophers The talk is lively and fascinating as these leading minds grapple with age old questions of compelling contemporary urgency Daniel Goleman the internationally bestselling author of Emotional Intelligence provides the illuminating commentary and reports on the breakthrough research this historic gathering inspired Destructive Emotions Buddhist philosophy tells us that all personal unhappiness and interpersonal conflict lie in the three poisons craving anger and delusion It also provides antidotes of astonishing psychological sophistication which are now being confirmed by modern neuroscience With new high tech devices scientists can peer inside the brain centers that calm the
