German Post-Expressionism : The Art of the Great Disorder 1918-1924, German Post-Expressionism is the first study to reconstruct historically the evolution of Die neue Sachlichkeit, the slogan coined as a designation for the Post-Expressionist figural art that developed throughout Germany following the failed revolution of 1919. Rather than starting with the moment this Post-Expressionist movement was christened with a slogan in 1923, Crockett investigates the sources and precepts of Post-Expressionism beginning with the anti-Expressionist stance of Dada in 1918 and the loss of faith in Expressionism on the part of some of its chief supporters during 1919-20. *Art of the 20th Century* Karl Ruhrberg, Klaus Honnef, Manfred Schneckenburger, Christiane Fricke, 2000. The original edition of this ambitious reference was published in hardcover in 1998 in two oversize volumes 10x13. This edition combines the two volumes into one in its paperbound flexi cover; the paper has a plastic coating, smaller 8x10, and affordable for art book buyers with shallower pockets; none of whom should pass it by. The scope is encyclopedic; half the work originally; the first volume is devoted to painting, the other half to sculpture, new media, and photography. Chapters are arranged thematically, and each page displays several examples in color of work under discussion. The final section, a lexicon of artists, includes a small black and white photo of each artist, as well as biographical information and details of work, writings, and exhibitions. Ruhrberg and the three other authors are veteran art historians, curators, and writers, as is editor Walther. c. Book News, Inc. The Art of Peter Bergting Peter Bergting, 2023-05-09. Bergting's repertoire of fantasy, horror, and sci-fi illustrations includes comics, magazines, novels, and games, and he's worked in collaboration with creative giants like Mike Mignola. Award-winning comics artist and illustrator Peter Bergting showcases a body of work nearly 30 years in the making.

In Search of Cluny Edwin B. Mullins, 2006. A thousand years ago, the French abbey of Cluny was the hub of one of the most powerful empires of the Middle Ages and the spiritual heart of Europe. Nearly 1,500 religious houses were subject to its authority, and it was the seat of immense political power throughout the Christian world. The abbots of Cluny were among the most formidable men of their day; they were friends and advisers to successive popes and Holy Roman Emperors, as well as to the kings of England, France, and Spain. They were also among the greatest builders the world has known, responsible for some of the finest mediaeval architecture, painting, and sculpture.

The Art of Jack Kirby Ray Wyman Jr, 1992-01-01. The Art of Jack Kirby is a comprehensive illustrated exploration

of the career of Jack Kirby widely regarded as one of the most influential and important comic book artists of all time. Featuring hundreds of full color images of Kirby's iconic artwork, the book follows his journey from his early work in comic books and wartime propaganda to his revolutionary contributions to the superhero genre at Marvel Comics, including co-creating characters such as Captain America, the Fantastic Four, the Hulk, Silver Surfer, Thor, and the X-Men. In addition to showcasing Kirby's 50-year career, the book delves into his artistic process, his creative vision, and the impact he had on the comic book industry as a whole. It includes insights from interviews with Kirby, offering a deeper understanding of his artistic philosophy and motivations.

Significance: *The Art of Jack Kirby* is an essential resource for anyone interested in comics art or American popular culture. It is valuable documentation of Kirby's immense talent and lasting influence on the medium. Its limited edition nature makes it a coveted collector's item, but its informative content and captivating visuals ensure its enduring relevance for newcomers and seasoned fans alike.

Jack Kirby's work, published by Blue Rose Press in 1992, is a pioneering work in comic book publications. It is the first large format book dedicated to a single American comic book artist. What makes it truly unique is that it was also the first attempt to compile a comprehensive bibliography of Kirby's extensive body of work, the Kirby Booklist, encompassing characters he created and offering detailed statistics about his lifetime contributions to the comic book industry. This book not only celebrated Kirby's remarkable artistic legacy but also set a significant precedent for future examinations of comic book creators and their profound impact on the medium.
