**Emergent Literacy** Bettina Kümmerling-Meibauer,2011 This edited volume constitutes the first serious sustained examination of the study of children s books for children aged from 0 to 3 with contributions by scholars working in different domains and attempting to assess the recognition of the role and influence of children s literature on the cognitive linguistic psychological and aesthetic development of young children This collection achieves a balance between theoretical empirical historical and cross cultural approaches by examining the broad range of children s books for children under three years of age ranging from early concept books through wimmelbooks and ABC books for small children to picture books that support the young child s acquisition of behavioral norms Most importantly the chapters proffer new insights into the strong relationship between children s books for young children and emergent literacy drawing on current research in children s literature research visual literacy cognitive psychology language acquisition picture theory and pedagogy

**Books Come Alive** William Teale,Miriam G. Martinez,Junko Yokota,2021-07-15 Books Come Alive Reading Aloud and Reading Along with Young Children is about using read alouds to promote empathy and the ability to think deeply in response to literature Grounded in research and theory the book explores how to ensure that read alouds have maximum instructional value to promote literacy and spark children s lifelong love of literature This book offers teachers information about book selection how to plan for and conduct read alouds and extend children s experiences The book also includes a vetted and extensive compendium of high quality books for read alouds accompanied by a framework for teaching with those books

**Teaching on a Shoestring** Helen Lewis,Russell Grigg,2018-09-14 In Teaching on a Shoestring An A to Z of everyday objects to enthuse and engage children and extend learning in the early years Russell Grigg and Helen Lewis explore the educational value of familiar objects and suggest practical activities to help develop young learners cross curricular skills We take many everyday objects for granted But in a time of ever tightening school budgets these objects can be invaluable in affording low cost high impact opportunities for learning With these value for money principles in mind Russell and Helen have packed this practical A to Z handbook to the brim with fun facts inspiring ideas and exciting activities to help teachers make the best use of familiar objects as launch pads for effective learning Underpinned by solid theory Teaching on a Shoestring investigates the learning potential of twenty six inexpensive readily available resources from apples to ice cubes to zebra patterned fabric and shows how they can be exploited to develop in young learners the four skills widely regarded as essential in the twenty first century communication collaboration critical thinking and creativity The book is organised into two parts covering theory then practice In Part 1 the authors examine the

nature of an object rich learning environment and discuss the benefits of enquiry based learning in which the emphasis is upon promoting collaboration dialogue and higher order thinking in real world contexts In Part 2 the learning opportunities around the twenty six objects are laid out in detail to illustrate how they can be put into practice While the book focuses on object based pedagogy employed with the under sevens age category many of the principles can also be applied with older children There is a common format for the enquiry into each object arranged into the following sections In a nutshell key background information about the object in its broader context Did you know interesting facts about the object Ready key vocabulary resources and health and safety factors to consider Steady learning goals and intentions Go activities which show how teachers can develop the four skills of communication collaboration critical thinking and creativity around the object Other ideas follow up cross curricular ideas and Find out more websites and other references for further information Suitable for early years educators and anyone who works with young children
