which Capote wrote during his whirlwind race to an imaginary finish line In addition to his lifelong quest to believe in himself and to be the center of every party Capote was determined to compete with his friend Nelle Harper Lee and her unprecedented success after the publication of TO KILL A MOCKINGBIRD 1960 and the release of the film by the same name 1962

Truman Capote's Nonfiction Novel "In Cold Blood" and Bennett Miller's Biopic "Capote" Michael Helten, 2010-02-03 Examination Thesis from the year 2008 in the subject English Language and Literature Studies Literature grade 1 University of Freiburg language English abstract

When In Cold Blood was first published critics had a hard time categorizing the book Capote himself held that he had written a nonfiction novel Capote in Plimpton 1966 2 and that he had thereby created an altogether new genre In the subtitle Capote stresses his central claim regarding this new genre assuring the reader that what she is about to delve into is a true account of a multiple murder and its consequences Capote 2000 1966

As will be seen in the opening chapter criticism of In Cold Blood has therefore to a great degree revolved around Capote's and the book's adherence to this assertion of truth The Shorter Oxford English Dictionary on Historical Principles SOED lists as the three first entries under the head word true true tru 1 Steadfast in allegiance loyal faithful constant 2 Honest honourable upright virtuous straightforward sincere 3 Of a statement report etc consistent with fact conforming with reality

The following investigation of In Cold Blood and of the biopic based on Capote's work on the book Bennett Miller's Capote 2005 will proceed along the lines of these three aspects of the definition questioning Capote's claim of rendering a true account The genre chapter and large parts of the ensuing discussion of In Cold Blood will be especially concerned with the definition's third aspect In Cold Blood's consistency with fact and its conformity with reality The question will be raised as to whether or not a true account of real events is possible at all and in what ways Capote and other writers of New Journalism as the genre is most frequently called today have tried to achieve such true accounts
