Cold Case Kennedy Boeken:

Cold case Kennedy Flip de Mey, 2013-06-05 Forensische analyse van de moord op JFK biedt sluitende hypothese voor samenzwering Jurist Flip de Mey analyseerde jarenlang het dossier van de moord op de Amerikaanse president John F Kennedy Hij boog zich opnieuw over alle originele documenten van het onderzoek en neemt zowel de verdedigers als de critici van het officiële verhaal op de korrel Vijftig jaar later komt hij tot een verrassende en baanbrekende theorie Cold Case Kennedy is het eerste boek dat systematisch alle aspecten van het moorddossier tegen het licht houdt Waarom zweeg Robert Kennedy Was er echt een magic bullet Welke rol speelde Lyndon Johnson in het drama Was er meer dan n schutter Waarom wilde de Warrencommissie niet horen van een derde slachtoffer op Dealey Plaza Wat deed een veroordeelde gangster in het gebouw recht tegenover het Texas School Book Depository En last but not least was het officiële onderzoek het meest diepgaande ooit of was het niets meer dan een stuntelige doofpotoperatie

Cold Case Kennedy Flip de Mey, 2013 Take a front row seat in the investigation to discover what really happened in Dallas just after midday on November 22 1963 Flip de Mey has spent many years analyzing the dossier on the assassination of President John F Kennedy He re examined all the original investigation documents and challenged both the defenders and the critics of the official account 50 years after the event he comes up with a surprising and groundbreaking theory Cold Case Kennedy is the first book to systematically scrutinize all aspects of the murder dossier Why did Robert Kennedy remain silent Was there really a magic bullet What was the role of Lyndon Johnson in the drama Was there more than one sniper Why did the Warren Commission refuse to consider a third victim on Dealey Plaza What was a convicted gangster doing in the building directly across from the Texas School Book Depository And last but not least was the official investigation the most in depth inquest ever to be carried out or was it nothing more than a clumsy attempt to sweep things under the carpet Flip de Mey started his career as a lawyer but studied further to become a forensic auditor specializing in the unraveling of fraud and other irregularities His expertise based on many years of experience and his specific methods for analyzing complex dossiers served him well during the pursuit of his passion the assassination of JFK

Delayed Justice Jack Branson, Mary Branson, 2011-06-28 This book documents the heroic efforts of some of the nation's most prolific cold case detectives In collaboration the authors these professionals share their insights skills and resources using their most compelling cold cases as illustrations The authors examine how cold case investigations differ from standard investigations and why cold case detectives sometimes have success where earlier investigators failed They also discuss some of the pitfalls of reopening long unsolved crimes such as lost or compromised evidence and the difficulty of getting accurate information from witnesses who must rely on fading memories Looking to the future the authors discuss new technology that may someday allow investigators to drastically enhance surveillance videos and create a facial recognition database as accurate as DNA analysis and fingerprints Both true crime readers and fellow law enforcement professionals will find the stories and expert insights described in this book to be fascinating and instructive
