## **In God Name David Yallop:**

In God's Name David A. Yallop, 1984 Contends that the death of Pope John Paul I was not due to natural causes Presents a portrait of his life and the motives of six men who may have feared him In God's Name David Yallop, 2012-08-23 Only thirty three days after his election Pope John Paul I Albino Luciani died in strange circumstances Almost immediately rumours of a cover up began to circulate around the Vatican In his researches David Yallop uncovered an extraordinary story behind the Pope s death lay a dark and complex web of corruption within the Church that involved the Freemasons Opus Dei and the Mafia and the murder of the Pope s Banker Roberto Calvi When first published in 1984 In God s Name was denounced by the Vatican yet became an award winning international bestseller In this new edition Yallop brings the story up to date and reveals new evidence that has been long buried concerning the truth behind the Vatican cover up This is a classic work of investigative writing whose revelations will continue to reverberate around the world **Murder in the Vatican** Lucien Gregoire, 2008 Murder in the Vatican is two books in one book The Revolutionary Life of John Paul the only existing biography of the 33 day Pope and The CIA Opus Dei and the 1978 Murders Why two books in one book Unless one understands the mystery of his life something the Vatican prefers to keep secret The Secret Life of John Paul one will never understand the mystery of his unwitnessed death This book is in its fourth edition In that time I have changed little of what I have said about this good man s life other than to expand my account in this new edition to include stories of his childhood and his young life as a seminarian and as a priest Yet the mystery of his death and the deaths of those around him has involved an investigative process that has taken me to Italy and elsewhere in the world many times and spanned many years I knew much more five years ago than I knew five years before that and I knew much more two years ago than I knew five years before that and I know much more today than I did then Here for the first time is the proof How John Paul and those around him fell victim to twentieth century capitalism as it was jointly embraced by the Vatican and the United States BEWARE OF THE USED BOOK MARKET 2003 2005 and 2006 editions do not include the complete biography or the solution to the murders Only this 404 page 2008 edition includes both compete books **Murder by the Grace of God** Lucien Gregoire, 2012 Did his struggle for basic human rights and dignity for born out of wedlock children the handicapped women the remarried homosexuals and the poor cost him his life *That's What They Want You to Think* Paul Simpson, 2012-03-01 An analysis of twenty nine of the most famous theories featuring assassinations military operations aliens secret societies and government conspiracies Conspiracies They happen every day All it takes is a couple of people and a secret nefarious plan But then there are big conspiracy theories the assassinations cover ups and shadow governments that are endlessly debated on talk radio and the Internet Are they real Are they even possible Or are they just plain paranoid Paul Simpson has researched a wide variety of conspiracies from those historically accepted to those that spark accusations of being a part of it if you disagree with their supporters In reviewing these famous and in some cases infamous theories That s What They Want

You to Think does not start from the position of a believer or a debunker In each case Simpson makes up his own mind based on the evidence of primary documents and some of his conclusions may surprise even the most dedicated conspiracy researcher Straightforward and engaging That s What They Want You to Think provides food for thought for both conspiracy buffs and skeptics Novices and veteran researchers alike will debate the latest evidence and fresh takes on long standing theories Covering topics as diverse as the JFK assassination and faked moon landings from the bombing of Pearl Harbor to Area 51 and the New World Order Simpson makes you wonder if what you believe is real possible or paranoid Praise for That s What They Want You to Think This lively book looks at a variety of conspiracy theories many well known others not so much from a historical investigative point of view Well worthwhile Booklist *The Vatican Exposed* Paul L. Williams,2009-09-25 Over 50 billion dollars in securities Gold reserves that exceed those of industrialized nations Real estate holdings that equal the total area of many countries Opulent palaces containing the world s greatest art treasures These are some of the riches of the Roman Catholic Church Yet in 1929 the Vatican was destitute Pope Pius XI living in a damaged leaky pigeon infested Lateran Palace could hear rats scurrying through the walls and he worried about how he would pay for even basic repairs to unclog the overburdened sewer lines and update the antiquated heating system How did the Church manage in less than seventy five years such an incredible reversal of fortune The story here told by Church historian Paul L Williams is intriguing shocking and outrageous The turnaround began on February 11 1929 with the signing of the Lateran Treaty between the Vatican and fascist leader Benito Mussolini Through this deal Mussolini gained the support of the staunchly Catholic Italian populace who at the time followed the lead of the Church In return the Church received among other benefits a payment of 90 million sovereign status for the Vatican tax free property rights and guaranteed salaries for all priests throughout the country from the Italian government With the stroke of a pen the pope had solved the Vatican s budgetary woes practically overnight yet he also put a great religious institution in league with some of the darkest forces of the 20th century Based on his years of experience as a consultant for the FBI Williams produces explosive and never before published evidence of the Church s morally questionable financial dealings with sinister organizations over seven decades through today He examines the means by which the Vatican accrued enormous wealth during the Great Depression by investing in Mussolini s government the connection between Nazi gold and the Vatican Bank the vast range of Church holdings in the postwar boom period Paul VI s appointment of Mafia chieftain Michele Sindona as the Vatican banker a billion dollar counterfeit stock fraud uncovered by Interpol and the FBI the Ambrosiano Affair called the greatest financial scandal of the 20th Century by the New York Times the mysterious death of John Paul I profits from an international drug ring operating out of Gdansk Poland and revelations about current dealings For both Catholics and non Catholics this troubling expose of corruption in one of the most revered religious institutions in the world will serve as an urgent call for reform *God's Bankers* Gerald Posner,2015-02-03 Revealing a history of mysterious deaths shady characters and moral and political tensions exposes the

*Them and Us* Paddy Logue,1994 Sets out to show that a change is taking place in the thinking of the Catholic Church on unemployment that this development is a challenge to the left and that socialists will ignore it at their peril Putting words into action they would find common cause in the struggle against poverty *Organiser* ,1998 *Conspiracy* Richard M. Bennett,2003 In recent years conspiracy theories have been thought to come exclusively from the wilder shores of political observation implausibly far fetched at best and dangerous at worst By definition however a conspiracy occurs each time a group of influential people agree a course of action in private and by extra democratic means Conspiring is part of any politician s job description and any criminal s attempt to pervert the course of justice From new information on the usual suspects like the Bildeberg Group through covert intelligence involvement with Britain s Wilson government royal family and in the Profumo affair to Reagan s secret post Cold War agenda and a mooted plot within the current US administration to supersede George W Bush **Raising Hell** St. Clair McEvenue,2001 *Our Own Worst Enemy* Norman F.
